

LENOIR-RHYNE UNIVERSITY

The Lenoir-Rhyne University Student Handbook 2024-2025

The Lenoir-Rhyne University Student Handbook is a compilation of official policy for members of the student body of Lenoir-Rhyne University. Should there appear to be a conflict between materials in the *Handbook (and campus-specific addendums)* and the University Catalog, the catalog should take precedence. In addition to the *University Student Handbook*, students will be held accountable for all Health and Safety Standards and Policies.

The policies contained in the Lenoir-Rhyne University *Student Handbook* are a part of a relationship between the student and the University. In accepting admission with the university, a student is responsible for an awareness of this relationship and to be informed regarding the policies and procedures found in the document. The *University Student Handbook* is published by the Office for Student Life, under the authority of the assistant vice president of student affairs and dean of students, and it is provided electronically on the university website. The university reserves the right to modify, eliminate, or add to the contents of the *Handbook* from year to year. In unusual circumstances requiring more immediate adjustments in policies and/or procedures, the university reserves the authority to make revisions at any time, pursuant to the guidelines outlined below or found elsewhere in this *Handbook* and/or other appropriate governing documents. Such revisions will be reported to the students in a timely manner.

The most recently revised version of the *Student Handbook (and campus-specific addendums)* takes priority over any earlier versions of the document and, unless previous policies or procedures are stipulated as special continuing conditions in the newer version, the new edition will supersede any past policies or procedures.

Lenoir-Rhyne University welcomes feedback from students on the impact of policies or procedures articulated in the *Student Handbook*. Any questions or concerns should be referred to the dean of students

In pursuit of the development of the whole person, Lenoir-Rhyne University seeks to liberate mind and spirit, clarify personal faith, foster physical wholeness, build a sense of community, and promote responsible leadership for service in the world.

As an institution of the North Carolina Synod of the Evangelical Lutheran Church in America, the university holds the conviction that wholeness of personality, true vocation, and the most useful service to God and the world are best discerned from the perspective of Christian faith.

As a community of learning, the university provides programs of undergraduate, graduate, and continuing study committed to the liberal arts and sciences as a foundation for a wide variety of careers and as guidance for a meaningful life.

Lenoir-Rhyne University Vision Statement

Our goal is to be a nationally recognized liberal arts university of choice – known for our excellence in building leaders for tomorrow, developing patterns of lifelong learning, positioning our graduates for success in their professional, personal and spiritual lives and providing an unparalleled quality of caring within our university community.

Lenoir-Rhyne University Statement of Values

Lenoir-Rhyne University espouses a set of values designed to inform us, as members of this educational community, in our personal development and our interactions with others. These values establish our principles of operation as an organization. They furnish guidance and assurance to each member of our community, and they help us to see how everyone's contributions improve the life of our college.

These principles are made manifest through our daily actions, and they are fully realized only when embraced by everyone in our community. Constant and consistent attention to these core values will cultivate the continuous improvement of our institution, will assist us in the achievement of our mission, and will direct us toward realizing our vision as a college.

- Excellence...We will strive for excellence in everything we do. We will continuously cultivate our intellectual, physical, and spiritual growth. We will develop our talents and abilities to their fullest extents.

- *Integrity*...We will act with integrity at all times. We will respect and be honest with each other. We will take personal responsibility for our words and our actions.
- *Care*...We will care about others in our learning and working relationships. We will be responsible stewards of our resources. We will support each other and work together toward the common good.
- *Curiosity*...We will learn from our community, past and present. We will confront important issues with humility and open minds. We will embrace the gains attained from the diversity of people and perspectives.

Statement of Academic Integrity and Student Code of Conduct

Lenoir-Rhyne University ("LR") has established policies and regulations to support and encourage its educational mission. As elsewhere in society, these policies and regulations are founded on the mutually accepted concepts of freedom and responsibility and are based on the assumption that members of the LR community are interdependent. It is each student's duty to protect the rights of other students, to fulfill their personal educational objectives, and to maintain high standards of personal and academic conduct.

Honor Pledge

Students will receive and review the honor pledge, learn and understand the meaning, and commit themselves to upholding the statement of academic integrity and nonacademic conduct. LR's honor pledge states:

Lenoir-Rhyne University is an academic community that expects the highest standards of honesty, integrity and personal responsibility. As members of this community, we are accountable for our actions and creating an environment of mutual respect and trust.

On my honor, I pledge:

- ***That I will maintain high ethical standards of personal and academic conduct.***
- ***That I will take responsibility for my personal and academic behavior.***

From this day forward, my signature on any university document, including academic assignments, is a confirmation of this honor pledge.

Student Rights and Responsibilities

Lenoir-Rhyne University seeks to provide its students with the freedom and encouragement to make decisions that promote their educational and personal growth. In this learning process, students are entrusted to assume responsibility for and to accept the consequences of their actions and behavior. Accordingly, through the rights that flow to the student in this context of self-governance and self-flourishing follows the obligation to abide by a system of policies and procedures both necessary and conducive to a community of teaching and learning that protect the rights, safety, and property of all community members.

As an institution of higher learning, Lenoir-Rhyne University recognizes that free inquiry and free expression are indispensable to its educational mission. In the context of these freedoms the student must possess a willingness to recognize the primary academic purposes of LR, to appreciate and respect the common rights of others, and to commit to the rule of reason in settling disputes. Accordingly, the responsibilities and rights outlined below are intended to foster free exchange of ideas in a cooperative learning community dedicated to a common mission.

Lenoir-Rhyne administers all educational and employment activities without discrimination on the basis of race, color, national origin, religion, age, sex, sexual orientation, gender, gender expression, gender identity, non-conformity with gender stereotypes, physical or mental disability, and veteran status. In addition, the university adheres to this philosophy of non-discrimination and equal opportunity in its admissions practices, and it is open to all student applicants who are qualified under institutional admissions policies. Lenoir-Rhyne university is committed to cultivating an environment for learning, working, and living that promotes equal opportunity, inclusion, and non-discrimination for its faculty, staff, students, contractors, and visitors.

The LR student possesses certain rights and responsibilities within the circumstances of the university's mission as a community of learning. In the context of student rights, it is understood that the university will have the authority to establish reasonable and proper rules and procedures to ensure a safe and secure community focused upon the institution's mission of learning.

Each student possesses the responsibility to learn the content of any course for which they are enrolled, and to participate in the completion of in-class and out-of-class evaluative exercises as established in the course by the instructor. They are responsible for understanding the policies and grading procedures of classes in which they are enrolled. They are obligated to abide by the instructor's authority to maintain orderly class procedures to ensure an optimal learning experience for all students.

Outside the classroom, students are obligated to abide by the university's codes of conduct and other necessary policies and procedures that ensure the orderly functions of the university. They are expected not to disrupt the regular and essential operations of the university, nor violate federal, state, or local laws, or the rights of third parties. They will respect university policies regarding the orderly scheduling and preparation of events, and express, in spoken or written word, that their views, or those of invited speakers, do not represent university approval or endorsement of the perspectives expressed.

Students will not use the university's name without the expressed authorization of Lenoir-Rhyne University except to identify affiliation. University approval or disapproval of any policy may not be stated or implied by any individual, group, or organization. In exercising one's rights as an LR student, it is the expectation that in one's actions and/or utterances, they will identify themselves as sole actor or author. All university-published or university-financed student communications shall explicitly state on the editorial page or in the broadcast that the opinions expressed are not necessarily those of the university or its student body.

Failure to abide by these responsibilities or any other appropriate code of conduct may cause, through the published student conduct policies and procedures established by the university, suspension of access to certain university resources and/or some or all rights granted to a student, including temporary or permanent expulsion from the community in extreme cases.

Lenoir-Rhyne University students are fully responsible for their own actions under federal, state, and local laws. The rule of law furnishes no special immunity on account of student status, and when a student is charged with a federal, state, or local violation, LR has no obligation to assist in their defense against such charges. Moreover, in some cases, the student may be subject to further discipline through the university student conduct system if these violations entail University community interests. Within the university, students are expected to abide by LR's system of shared governance and accept the legitimacy of university rules and procedures and the decisions of its judicial bodies.

Within the context of its institutional mission and in the context of the aforementioned responsibilities, LR confers to its students a series of rights designed to promote its mission as an institution of higher learning and to cultivate within its students the qualities necessary for self-governance and self-flourishing. These rights include:

1. The right to be informed regarding the rules, obligations, and responsibilities concerning student conduct, both academic and nonacademic, to have access to all university policies related to

the expectations associated with student conduct and/or related to formal actions that may be brought against the student, and to be free from disciplinary actions or sanctions for misconduct except under reasonable and published guidelines that serve to advance or support the educational mission of the university.

2. The right to be evaluated in their academic work on the basis of achievement and fulfillment of educational requirements in a manner that is neither prejudiced nor capricious.
3. The right to discuss and to express their views relevant to the course in which they attend, to take reasoned exception to views, and/or to reserve judgment about debatable issues in any course of study within the context of the instructor's authority to maintain orderly class procedures.
4. The right, consistent with the Family Educational Rights and Privacy Act (FERPA), to have their non-directory information regarding academic or disciplinary record remain private from persons outside the university without either expressed consent of the student or a proper court order, consistent with federal and state laws.
5. The right to representation by a democratic student government, whose role and responsibilities shall be delineated in a written constitution and bylaws, and whose actions within the areas of its jurisdiction shall be reviewed and amended only through orderly and prescribed procedures.
6. The right to share information through their designated representatives with university administration regarding university decisions, practices, policies, or procedures.
7. The right to join and to contribute to open (non-secret), university -chartered student associations as qualified for membership, without discrimination on the basis of race, color, national origin, religion, age, sex, sexual orientation, gender, gender expression, gender identity, non-conformity with gender stereotypes, physical or mental disability, and veteran status, in order to promote the university's educational mission and, in this context and within procedures for orderly scheduling and presentation, to invite and hear speakers on campus. Religious qualifications may be required by organizations whose aims are primarily sectarian, and single-sex fraternities and/or sororities may have non-university guidelines establishing authority of what constitutes proper membership qualifications.
8. The right, individually and within university-chartered organizations, to have freedom of expression in both public and private utterances. Anonymous expression is contrary to behaviors that promote self-responsibility and self-cultivation and is not protected.
9. The right to assemble peaceably so long as such gatherings do not disrupt other university functions, impede the free flow of vehicular or pedestrian traffic, deny others' right or access to facilities or buildings, or violate federal, state or local laws or the rights of third parties.
10. Within the obligations under the canons of responsible journalism (e.g., avoidance of libel, indecency, hate speech, undocumented allegations, attacks on personal integrity, and/or acts of harassment, retaliation, and innuendo) and other applicable laws and regulations, the right to publish or utter one's viewpoints, without prior restraint, through the several forms of student media on campus. Anonymous expression is contrary to behaviors that promote self-responsibility and self-cultivation and is not protected.
11. The right to written and reasonable policies and procedures, in the context of the university's duties to promote a safe and secure learning environment, that specify appropriate searches and seizures related to residence halls or other student property on the university campus.
12. The right to protection from *ex post facto* rules.

SECTION 2: CAMPUS LIFE – Student organizations and services

While the primary purpose for attending a university is and should remain to gain greater intellectual competency, the idea of education through the attention to liberal learning includes the development of the whole person. Co-curricular activities play an important role in this developmental process. Enhance your academic experience through becoming a leader. Student organizations, along with their members, will be held accountable for all university conduct policies. The policy covers new organizations, current organizations, constitutions, probation, suspension, and off-campus housing. All

organization Presidents are expected to attend informational meetings at the beginning of each school year.

New Organizations

Any group wishing to organize a new organization, society, or special interest group should contact the Office of Student Involvement. Potential groups will submit an online application, found here, and proposed constitution to the Director of Student Involvement for review. After the initial review, the Office of Student Involvement will email the students interesting in starting a new organization and prompt them to submit the reviewed constitution to the Student Government Association for approval. Once the organization has been approved, it is subject to all policies governing organizations and activities. Please refer to the student organization handbook for a comprehensive list of the policies each organization is held to on campus.

Organizations' Constitutions

An up-to-date copy of the constitution and/or bylaws of each existing organization must be on file with the Director of Student Involvement. Revisions made to such documents should be reported to that office and may be subject to another approval process through the Student Government Association.

Advisors to Organizations

Every campus organization must have an on-campus advisor. Failure to secure an advisor may jeopardize the club's standing. Only a member of the faculty or staff of LR may be invited to serve as an advisor to a campus organization. Greek and Faith organizations may have off-campus advisors **in addition to** an on-campus advisor; however, contact information for the off-campus advisor must be recorded with the Office of Student Activities.

Planning/Scheduling Events

Individual organizations must consult the campus calendar before planning campus- or university-wide events.

For the Asheville Campus, <https://www.lr.edu/about/conferences-events>

For the Columbia Campus, contact the Administrative Associate for Academics, Deborah.Slice@lr.edu.

For the Hickory Campus, <https://www.lr.edu/about/conferences-events>

All events must be pre-approved through the Office of Student Life. Event registration forms can be found here or on the LR website. Submitting the event registration form does not reserve space or material for the event in question. All event reservations must be made by the individual organizations through their respective campus event management system. The Office of Student Life is not responsible for reserving spaces/tables/chairs/sound equipment, etc. for an organization's event. If this event is happening off campus and is not a fund-raising activity, please contact the Office of Student Involvement for support in the event you need assistance in contacting an off-campus site.

Any event in which alcohol will be present, the leaders of the organization hosting the event, must attend the mandatory Risk Management Training hosted by the Office of Student Involvement. There will be training offered at the beginning of each semester. Failure to attend the training and still hosting an event where alcohol is present could jeopardize the organizations standing

Campus Organizations may schedule meetings and events during the first five (5) class days of each semester, excluding parties or other events involving alcohol. During the last five class days of each semester, campus organizations may not schedule any meetings, events, or parties; however, passive fund-raisers such as food or clothing drives may continue with prior approval from the Director of Student Involvement. Please consult the Academic Calendar for the semester start and end dates for all meetings and activities. No events or meetings are to be scheduled during Chapel services which are every Wednesday morning from 10am-11am.

Fund-Raising Activities

Any student fund-raising project scheduled on campus must be given prior approval by the Director of Student Involvement. The appropriate form (available within the campus Portal under Student Activities) must be completed and submitted for approval at least **7 business days** prior to the event in question. In case of duplication of projects, priority will be given to the organization with the earliest submission date. Groups wishing to conduct sales or solicitation off-campus must also secure permission from the Vice President for Institutional Advancement. Groups wishing to conduct a fund-raising event in one of LR's athletic venues must first seek approval by the Associate Athletic Director for External Operations.

Off-Campus Meeting Venues and/or Housing

The Administration reserves the right to sanction or reject any off-campus meeting place, building, or room used by any student organization. Approval of such off-campus "houses" is required before they are used, and it shall be the responsibility of the student organizations and their members to comply with any regulations or stipulations placed upon the "houses" pertaining to their use. The Administration stipulates accordingly that:

- Organizational "houses" shall not be used for overnight purposes without written approval of the Assistant Vice President for Student Affairs and Dean of Students.
- The administration, through the Office of Student Life, reserves the right to deny any such use for cause.
- Organizations shall comply with all university rules and regulations while using off-campus houses.
- No commerce (including sales of beverages) may take place without proper licensing.

Academic Organizations and Honor Societies

Most academic departments sponsor professional student organizations and honorary societies. These organizations and societies are structured to enhance your academic life through opportunities to network with fellow students within your area of study as well as recognize your academic achievements. Organizations are representative of the academic programs on a given campus, and are explained further in the student organizations handbook.

Fraternity and Sorority Life

Lenoir-Rhyne University has a long tradition of having undergraduate "Greek" Social Organizations on the Hickory campus. Many students find that these organizations provide opportunities for leadership, community service, and personal growth. All participants note, however, that Fraternity and Sorority Life provides for life-long memories of friends and fellowship. More details on Fraternity and Sorority Life are found in the student organizations handbook.

Media Organizations

Lenoir-Rhyne has several organizations on campus that provide forums for creative and literary expression. Additionally, other organizations serve as platforms for editorial and annual reflection. Past participants have come from all areas of campus, so we encourage you to get involved!

CANTOS

Cantos, the campus literary and arts magazine, is published every spring, providing a forum for creative expression for all members of the Lenoir-Rhyne University community.

WLRZ

WLRZ (The Lair, 99.3 FM) serves as the campus radio station. Undergraduate students serve as the on-air personalities and design the format for daily broadcasts.

Opportunities for Further Involvement on Campus

In addition to the many honorary societies, academic clubs, and faith-based organizations, Lenoir-Rhyne University has many activities/clubs to enhance your social, community, and civic awareness. There is sure to be something for everyone! Below are a few examples and you can find more on our website here.

information about different majors, potential career paths, and the academic requirements associated with each choice.

Development of Academic, Personal, and Career Goals: Advising and Student Success Services support students in setting and achieving both short-term and long-term academic and personal goals. They encourage students to reflect on their abilities, values, and interests to make informed decisions about their academic and career paths.

Promotion of Productive Study and Learning Behaviors: Advisors provide strategies and resources to help students develop effective study habits and learning techniques. They may offer study skills workshops, time management tips, and academic coaching to enhance students' academic performance.

Development of Time Management Skills: Time management is crucial for college success, and advisors help students learn how to manage their time effectively to balance academic responsibilities with personal commitments and extracurricular activities.

Referral to Other Campus Resources: If students require additional support beyond academic advising, the Student Success Services can refer them to other campus resources, such as tutoring services, writing and speaking services, counseling services, the career development center, and student account and financial aid offices.

Encouragement to Return to Good Academic Standing: In case students encounter academic difficulties, advisors provide support and encouragement to help them get back on track academically. They may create personalized academic improvement plans and monitor students' progress towards achieving their goals.

Disability Services

The Disability Services Office provides assistance to students with a variety of disabilities including physical disabilities, learning disabilities, psychological impairments, hearing impairments as well as chronic health conditions. The office also serves as an advocate for students with disabilities within the campus community. The ultimate goal is to ensure that students with disabilities have an equal opportunity to benefit from university programs. Lenoir-Rhyne makes available appropriate accommodations and modifications to university policies, practices and procedures as deemed necessary due to a documented disability. Students with disabilities should contact the Director of Disability Services as soon as possible to request accommodations. The Disability Services Office is located on the Hickory Campus; however, the office may be reached via email or phone. www.lr.edu/disability-services

Counseling and Wellness Services

Student Health Services (SHS) allows students to schedule appointments with our campus Physician Assistant. While some walk-in appointments are available, scheduled appointments are highly recommended. This acute care facility on the Hickory Campus is located on the main level of the Counseling and Wellness Center on the Hickory campus. Information regarding services and hours is available on the SHS webpage: <https://www.lr.edu/student-life/health-and-wellness/health-center> . Extended testing or services for special needs are available off campus at student's expense. A physician assistant is available weekly; however, SHS is not equipped for emergencies with potential life-threatening complications. **Always call 911 for emergencies that are potentially life threatening.** Residential students have an obligation to inform their Resident Advisor (RA) and Area Coordinator (AC) of serious medical conditions or of known drug/environmental allergies in the event of emergency.

Personal Counseling: LR offers several different options for personal mental health counseling. Students who live on or near the Hickory Campus or who wish to travel to Hickory can take advantage of in-person sessions with a counselor at the campus Counseling and Wellness Center or at The Counseling Group. Both of these options offer in-person or telehealth sessions. LR students receive twelve (12) sessions per academic year at the campus center and ten (10) sessions per year at the Counseling Group. . Students may also take advantage of TimelyCare, which offers a variety of mental and physical health services. TimelyCare is a virtual counseling and telehealth service available to students, with some platforms available 24 hours a day, 365 days a year, from anywhere in the United States or Puerto Rico. For more information, see the LR Counseling and Wellness website at <https://www.lr.edu/student-life/health-and-wellness/counseling-services>

Medical Records: All students living on any one of the campuses are required to have evidence of required vaccinations on file. Based on the academic program or student (athlete or international) , additional records may be required. Currently, these records are uploaded to a student's Slate account. A student's Admissions Counselor can provide additional information on how to upload the necessary documents.

Health Insurance: LR does not offer a basic health insurance plan for purchase to domestic undergraduate or graduate students. LR strongly encourages all students to have personal health insurance. Several programs, however, require students to provide proof of insurance. The only health insurance plan LR offers is for international students. International students are required to take the international student insurance provided by Lenoir-Rhyne. The costs for fall and spring semesters will be updated each year and posted on the LR website. This coverage may be waived only by providing timely proof, in English, of coverage equal to or better than the coverage provided by Lenoir-Rhyne. **Important:** This is not a major medical health plan. The benefits are very limited.

Immunizations: All students taking 4 or more credit hours per semester must submit required immunizations per state law. Also, some academic programs have additional immunization requirements.

All Lenoir-Rhyne University students must adhere to immunization laws which apply to their respective campuses. Specifically for the Hickory campus, all undergraduate and graduate residential students, full-time commuter day students and part-time commuter day students taking more than 4 credit hours must have the required immunizations on file. Records must be on file before or within thirty (30) days from the start of classes, or according to NC Law (G.S. 130A-155.1), you will be withdrawn from classes without credit and removed from housing. Registration for classes may be delayed if immunization records are not current.

Required immunizations are available online at <https://immunization.dph.ncdhhs.gov/schools/collegesuniversities.htm>. Additional vaccines or titers may

be required by particular health-related majors. Please consult the specific academic programs or the athletics programs for their requirements. Acceptable record of your immunizations may be requested and obtained from a variety of sources, including: some high school transcripts; family physician; personal immunization records; military records or World Health Organization documents; or previous college or university. Immunization records do not automatically transfer from previous educational institutions and must be requested by the student. All immunization records must include dates of vaccine administration, be in black ink and include clinician signature or clinic stamp. Records will be questioned if dates do not meet NC Law (G.S. 130A-155.1) or FDA License Approval.

The Office of Student Support and Outreach oversees the Student Concern Referral Form, which allows Lenoir-Rhyne University faculty and staff to show their commitment of care for students. Through partnerships with academic affairs, athletics, student accounts, financial aid, health and wellness, and other offices, we help to address a broad range of issues that may affect a student's progress to graduation.

SECTION 4: GENERAL CAMPUS POLICIES

When becoming a member of any community, you have rights as well as responsibilities. Lenoir-Rhyne's community is no different. We work together to maintain a campus culture that is inviting and engaging. As such, the university has developed a set of general campus policies to ensure that all students, faculty, and staff members are respected and valued, yet safe.

Absence Policy: Excused Absences

At Lenoir-Rhyne University students are expected to attend all scheduled class sessions, participate fully in the learning process, engage respectfully with instructors and peers, and complete all course requirements. Attendance is critical to a student's educational experience and to their learning. Thus, students are expected to attend every class meeting. Specific attendance policies vary by instructor, so students should review each course syllabus carefully. Regardless of the reason for the absence(s) (excused or unexcused), students should be aware that excessive absence from class may affect their grade and/or their ability to pass a course.

While class attendance is imperative to learning, there may be circumstances which interfere with attendance. If a student knows they will be absent from a class because of a circumstance included in the excused absence policy, they must discuss the anticipated absences with the instructor during the first week of class to make necessary arrangements for missed class periods and assignments. If the instructor determines that the anticipated absences will make it impossible for the student to be successful in the course, the instructor may refer the student to the academic advisor for a schedule change. Students must have this discussion during the first week of class before the end of the drop/add period. Students with an unanticipated excused absence **MUST** contact the instructor as soon as possible and arrange for missed assignments at the next class period. It is the student's responsibility to complete all assignments required for the course.

For absences deemed "excused" by university policy, instructors must allow students to have a reasonable opportunity to make-up missed content, assignments and/or tests. This policy excludes those academic endeavors which require the completion of a certain number of clock-hours, as in clinical experiences, practica, internships, and labs. For those courses, the maximum number of absences will be determined by the dean, department chair or program supervisor. This policy does not supersede program accreditation requirements. The circumstances which qualify as "excused" absences are defined below.

University-Sanctioned Activities. University-sanctioned events include any athletic or academic activity in which the student is representing the university and/or engaging in approved activities to facilitate learning. These activities include, but are not limited to, official athletic events sponsored by the athletic department, events with performing arts, marching band, academic clubs, class research projects, honors courses, departmental functions, student conduct review board, or any university approved academic activity with a clear educational mission (e.g., professional conference attendance).

Student Illness, Mental Illness, Critical Illness, Death in Family, or Change in Familial Obligations. A student may be excused from class for illnesses or injuries which prohibit them from attending. A student who misses more than three days of class for illness should contact the Office of Student Life (*see extended absence policy). When a student is out of town and unable to return to campus due to hospitalization, death in the family, or other extenuating circumstances, the student or a student's designee may contact the Office of Student Life to request that professors be notified as to the reason for the absence. Finally, a student may receive an excused absence if there is a sudden change in the student's familial care obligations such as an immediate childcare crisis or emergency need to provide care for an immediate family member.

Short-Term Military Obligations. A student may be excused from class for military orders for a short-term period. Students should notify the Coordinator of Veteran's Benefits for additional support and documentation.

Jury Duty or Subpoena for Court Appearance. A student is excused for official requirements from a court of law. If jury duty or other legal obligations require extended leave, contact the Office of Student Life (*see extended absence policy)

Religious Observances. A student will be excused from class in observance of religious holidays (all holy days or observances associated with a student's faith). Students are responsible for discussing these dates with the instructor during the first week of class to make necessary arrangements for the missed class periods and assignments.

Serious Economic Disruption. Lenoir-Rhyne recognizes that students may experience extreme personal and financial difficulties. Examples of these hardships may include emergency response to pandemic, house fires, serious crimes, food insecurity, or unreliable transportation. Students experiencing these circumstances should contact the Office of Student Life.

Title IX. A student must be excused because of pregnancy or childbirth for the period a doctor determines is medically necessary, and as communicated by the Director of Disability Services and/or the Title IX Coordinator. When the student returns to school, the student must be allowed to return to the same academic and extracurricular status as before the medical leave began. In addition, a student must be excused because of other Title IX matters (i.e., sexual and/or relationship misconduct) where the Title IX Coordinator and/or Dean of Students determines that the excusal is a reasonable supportive measure. The Title IX Coordinator and Dean of Students will consult as needed with the faculty in determining whether excusing an absence is a reasonable supportive measure under Title IX. For pregnancy-related conditions or other absences related to Title IX, please refer the student to the Title IX Coordinator. Please note that, due to their sensitive nature, a student is not required to discuss the specifics of a Title IX matter directly with faculty. The student may work directly with the Title IX Coordinator, ADA Coordinator, and/or Dean of Students regarding excused absences. The Title IX Coordinator, ADA Coordinator, and/or Dean of Students will then correspond with the student's faculty.

University Extended Absence Policy

- Regardless of the reason for the absence (excused or unexcused), a student who misses three consecutive class periods for a Monday/Wednesday/Friday class OR two consecutive class periods for a Tuesday/Thursday class OR two consecutive class periods in a one-day per week course, MUST notify the Office of Student Life. The Office of Student Life, along with BEAR Central, will provide additional support as needed to assist the student in progressing successfully. If a student misses consecutive class periods as described above, the faculty member should submit the **Student Concern Referral Form**.
- If the absences are due to a Title IX matter, the student is strongly encouraged to contact the Title IX Coordinator. If a faculty member becomes aware that the absences are Title IX-related, the faculty member must report the matter to the Title IX Coordinator (**See Being a Mandated Reporter**).
- A student with a documented disability, including temporary disabilities such as pregnancy or a pregnancy-related condition which impacts class attendance, is encouraged to contact the Office of Disability Services regarding possible accommodation as related to the Class Attendance Policy. All accommodation requests are reviewed on a case-by-case basis.

Process to Complete Missed Work Due to Absences

Students should be aware that excessive absences--whether excused or unexcused--may affect their ability to earn a passing grade. It is the student's responsibility to request an opportunity to complete any missed work.

- When possible, students should notify the instructor at the beginning of the course to discuss anticipated absences and arrange for any missed content and/or assignments. If approved by the faculty member, students should complete work in advance of the anticipated excused absence.
- When the absence is unanticipated, but fits into an excused absence category, the request to make up work should be made to the instructor at the next available class meeting.

- Missed class activities will be rescheduled or, if the rescheduling of an activity is not practical or possible, a fair and equitable alternative way of arriving at the grade for the missed component of the overall grade will be developed by the instructor.
- Punitive measures must not be taken against students who report a circumstance qualifying as an excused absence. The university also prohibits discrimination and retaliation on the basis of veteran status, pregnancy, sex/gender, and disabilities, among other statuses, and this includes in response to students that have missed class for reasons stated herein and/or are seeking to make-up course work (**See LR's Notice of Non-Discrimination**).
- If the faculty member believes that the number of absences accrued under the terms of this policy is such that the student cannot fulfill the learning experience or proficiency that a course requires, the faculty member, in consultation with their dean, may discuss options with the student which may include retaking the course in the future. In these cases, students may be referred to their advisors.
- Regardless of the nature of the excused absence, the student is responsible for completing all coursework prior to the end of the semester unless the student has received an accommodation or supportive measure allowing an extension of time to complete the coursework through the Disabilities, Title IX, or Dean of Students Office.

Qualifying As a University Sanctioned Event

- For new events, university sponsors will complete a request for a university-sanctioned event.
- All Athletic Department-approved athletic contests, including the approved time for pre-contest preparation, qualify as university-sanctioned events. This does not include team meetings and/or practices.
- All previously approved university-sanctioned academic events qualify as university-sanctioned events.
- Only administrators, faculty, and staff may complete the sanctioned event form.
- When possible, university-sanctioned event forms should be submitted at least one month before the start of the semester.
- When possible, excused absence forms must be provided to the affected students before the semester starts. Students involved in university-sanctioned events should provide anticipated absence forms to their faculty during the first week of class or as soon as possible.
- In exceptional circumstances, unanticipated opportunities may arise which prohibit notification before the semester starts. In these cases, special consideration will be made by the Office of Academic Affairs to accommodate students and learning. If a student will be absent from class for university-sanctioned events, the student should notify their faculty of their upcoming absences as soon as the student becomes aware of the event(s). Under all circumstances, and where possible, a student must notify their faculty of an upcoming absence no later than forty-eight (48) hours in advance of the course date and time.

Broadcasting/Public Music Guidelines Policy

All university departments (including faculty, staff, individual students, and student organizations) as well as outside individuals acting on behalf of Lenoir-Rhyne University will adhere to all FCC and local noise ordinances with broadcasting music and other media to the public via loudspeakers, radio, or television. Specifically, FCC regulations regarding Obscene, Indecent, or Profane Programming

In addition to FCC regulations, we will strive to prevent degrading, racially incensed, violent, misogynistic, or homophobic messaging that would be offensive to our campus and local community members. In accordance with the policy listed above, the Provost's Office will delegate the responsibility for oversight of the University Radio Station (WLRZ) to the appropriate faculty sponsor; the

Office of Student Life will monitor all broadcasting during campus activity events as well as events by approved student organizations; and the Athletics Department will monitor all broadcasting during athletic events, including practices and competitions.

Oversight and monitoring activities will be determined by the appropriate division head.

Examples of such oversight might include:

- 1) Prescreening all music and media to be broadcast;
- 2) Seeking city approval, if required or advisable;
- 3) Notifying university neighbors of events, when feasible; and/or
- 4) Limiting the hours of broadcasts to comply with local noise ordinances.

Clery Act

See the section on **Clery Act Compliance** under **Section 5: Special Campus Policies**.

Commencement

Students who wish to participate in a graduate or undergraduate commencement ceremony prior to the completion of all requirements for graduation may do so **only if**:

1. They have twelve or fewer credit hours remaining to meet requirements for graduation after the semester in which they wish to participate in commencement (as confirmed by the Registrar);
2. They demonstrate that they intend to complete the remaining necessary hours by registration for classes in summer and/or fall term for the May Commencement);

4. They inform the Registrar of their intention by March 29 of the spring semester, and the Registrar's audit confirms that all other academic requirements have been satisfied, are being satisfied in the current term, or will be fulfilled in the remaining six hours or less in the subsequent term. If the student fails to complete any of the necessary courses in the current term, these hours will be applied against the six-hour limit for the following semester.

Students who are approved to participate in a commencement ceremony prior to completion of all requirements for graduation will not be conferred their actual degree/diploma until all requirements have been met for graduation, as confirmed by the Registrar (but may be hooded in the graduate ceremony) and will not be considered a part of their later cohort (at which time all requirements are actually satisfied) for purposes of determining academic honors and/or any other comparatively determined awards. Refer to the Catalog for a complete policy statement.

Charges and Fees

Lenoir-Rhyne University requires all students (undergraduate, graduate, full-time, part-time, and visiting students) to pay all charges associated with the university prior to the start of class at the beginning of each semester. Such charges will include tuition, various fees, and/or room and board. There are various ways for students to provide payment, and there are individuals at the university who are able to assist students with this process. Students, however, who choose not to provide payment by the deadline will not be able to attend class until arrangements for payment can be secured.

Students have various options for payment:

- Pay in full via check, money order or credit
- Establish a payment plan (Payment plan options are available to students via the student portal)

- Students who wish to utilize financial aid to assist with their charges must complete the FAFSA and all other necessary documentation prior to August 1. All required documentation related to financial aid processing must be submitted to ensure that student eligibility is finalized before the start of the semester. Students who are selected for FAFSA verification after August 1st will have 2 weeks from the notification date to submit the required documentation, in this circumstance the student will remain eligible to attend classes. Estimated charges that will not be covered from the pending financial aid package must be paid prior to the start of the semester.

There is a mutual obligation for all members of the LR community to conduct themselves in a respectful and mature fashion and to be responsible for their behavior. LR discourages disorderly, abusive, and/or antagonistic behavior. The Honor Code extends to all areas of campus conduct including Academic and Residence Area policies and violations. Such behavior includes, but is not limited to: intoxication, disrespect, vulgar or foul language, excessive noise/volume, hazing and/or harassment. Therefore, you should be aware that student conduct violations are direct infractions of the Lenoir-Rhyne University Student Code of Conduct and Statement of Academic Integrity, found in **Section 1: That to Which We Ascribe**.

A student or group of students who willfully damage(s) any portion of the university's physical plant shall be held accountable for the repair/ replacement of the damage and shall be subject to appropriate student conduct sanctions. Where individual responsibility cannot be determined, the university will identify the smallest responsible group (hall, unit, organization, etc.) and demand accountability for damage cost/repairs. Responses to vandalism and/or damage may include fines, replacement costs, labor, administrative fees, student conduct action and/or criminal prosecution. Anyone tampering with or damaging a vending machine, washing machines, etc. may be charged \$300.00 plus repair/replacement costs as well as prosecution.

Emotional Support Animal Guidelines

An Emotional Support Animal/Comfort Animal is defined as an animal that is selected or prescribed to an individual with a disability by a healthcare or mental health professional to play a significant part in a person's treatment process in alleviating the symptoms of that individual's disability. An emotional support animal does not assist a person with a disability with activities of daily living, and does not accompany a person with a disability at all times. An emotional support animal is not a "Service Animal" as defined by the ADA.

An Emotional Support Animal/Comfort Animal is permitted in university housing facilities, under the Fair Housing Act, **only** when approved as a reasonable accommodation by the Disability Services Office for residents with diagnosed disabilities and approved by Residence Life. Requests must be made at least 30 days prior to the first day of a given semester to be considered for approval. For specific questions, contact the Director of Disability Services.

False Identification

If you are approached by any Lenoir-Rhyne University staff/faculty member or other LR official, you are required to present your valid LR ID and/or driver's license. Failure to do so is a serious violation resulting in disciplinary action.

Final Examination Policy

As the time scheduled for final exams constitutes a portion of the required class hours required to meet accreditation standards, all classes are to meet as scheduled during the final exam period, either for final exams or alternate learning experiences. Students scheduled for three or more exams in one day are allowed to reschedule one exam and should arrange for such rescheduling with one of their instructors. The Office for Academic Affairs and College Deans can assist in coordinating the rescheduling, if needed. There is time open for make-up exams on the last day of the finals period if another agreed-upon time cannot be located.

A student who desires to reschedule an exam at an earlier time than called for should petition the instructor in writing. Only unusual circumstances, such as death in the family or other emergencies, constitute acceptable grounds for rescheduling. Simply wishing to complete examinations earlier is *not* an adequate excuse. Faculty should render an appropriate judgment in these cases. The Office for Academic Affairs may be consulted for assistance.

Faculty are asked not to schedule tests, quizzes and exams during the week of classes preceding the final examination period.

Felonies

The conviction of a felony on or off campus as named in local, state, or federal law carries the recommended penalty of disciplinary expulsion. Individuals convicted of felonies are not guaranteed readmission to the university. Individuals charged with felonies may be subject to campus removal and/or involuntary withdrawal depending on the nature of the charges. The dean of students, in consultation with the director of public safety, will make the final determination if campus removal and/or involuntary withdrawal is necessary. Any appeals of this decision would be handled by the Student Conduct Review Board.

Fire Safety

Fires are not permitted inside ANY university residence area. This includes, but is not limited to open burners or flames, charcoal grills, gas grills, deep fryers, candles, incense, and/or any flammable substances. Halogen lamps are considered a fire hazard and are prohibited on campus. Do not store or use flammable liquids (gasoline, propane, turpentine, kerosene, etc.) in your room or residential apartment.

Grade Appeal

See the section on **Grade Appeals** under **Section 5: Special Campus Policies**.

Grievances (excluding Title IX, Sexual Misconduct, and Gender Discrimination)

All complaints or grievances asserted against a student will be handled in accordance with the LR Student Conduct and Grievance Procedures. See **Section 8: Student Conduct and Grievance Procedures**. Note: All complaints or grievances asserted against a member of the university faculty, staff, or administration may be directed to one of the following:

- Revonda Reed, Assistant Vice President and Dir. of Human Resources
- Dr. Leah Reynolds, Interim Chief Diversity Officer/Director of Compliance and Title IX Coordinator

- Dr. Harry Titus, Assistant Vice President for Student Affairs and Dean of Students
- Dr. Brent Driggers, Professor, Columbia Campus

Such grievances against employees will be handled in accordance with the applicable university policies and procedures pertaining to faculty, staff and administrators. <https://www.lr.edu/student-life/grievance-policies-procedures>

Handbook Policy

The most recently revised version of the *University Student Handbook* takes priority over any earlier versions of the document and, unless previous policies or procedures are stipulated as special

continuing conditions in the newer version, the new edition will supersede any past policies or procedures. Changes may be made during the academic year as needed.

Illegal Substances

The university prohibits the *unlawful* possession of alcohol and illicit drugs by students, either on university property or at any university-sponsored activity. This prohibition extends to activities sponsored by groups or organizations related to the university; and it extends to off-campus professional activities, including professional conferences, where attendance by students is sponsored, wholly or in part, by the university, or by organizations related thereto. Furthermore, the university reserves the right to discipline members of the university community who, in other situations, whether on campus or off, are found to be in violation of federal, state and local laws related to the use of controlled substances. For specific details, see the Alcohol and Controlled Substances under **Section 5: Special Campus Policies**.

Improper Electronic Communications

No student shall make or assist in making unauthorized or harassing telephone calls, emails, text messages, instant messages, messaging through social media, etc. or otherwise misuse or abuse any of the aforementioned channels of communication. **Be respectful.** Do not post unauthorized commercial solicitations (such as spam); bully, intimidate, or harass any user; post content that is hateful, threatening, or pornographic; or do anything unlawful, misleading, malicious, or discriminatory. If the content of your message would not be acceptable for face-to-face conversation, over the telephone, or in another medium, it will not be acceptable for a social media site.

Note the definition social media: A software system or service provided via the Internet used to communicate and share information between people through interactions with video, audio, text or multimedia. Examples include, but are not limited to: Facebook, X (formerly known as Twitter), Google Plus, Flickr, Pinterest, Snapchat, Instagram, LinkedIn, YouTube, WordPress, and other similar services.

Intellectual Property

The University Technology Advisory Committee has created a policy on intellectual property. Sections of the policy directly related to student works are printed below; however, the policy on intellectual property in its entirety may be obtained from the Dean of Students Office.

OBJECTIVES

Inventions, discoveries, copyrightable works and other creative works that have the potential to be brought into practical use may result from the activities of university employees in the course of their duties or through the use, by any person, of university resources such as facilities, equipment, or funds.

The primary purpose of this Intellectual Property Policy is to provide the necessary protections and incentives to encourage both the discovery and development of new knowledge and its transfer for the public benefit; a secondary purpose is to enhance the generation of revenue for the university and the creators. The university is guided by the following objectives:

- (i) To ensure that the educational mission of the university is not compromised;
- (ii) To optimize the environment and incentives for research and for the creation of new knowledge at the university;
- (iii) To bring the products of creative efforts into practical use for the public benefit as quickly and effectively as possible; and ensure that the university benefits financially from any product directly marketed from university-supported research.

STUDENT WORKS

Copyrightable works prepared by students as part of the requirements for a university degree program

are deemed to be the property of the student but are subject to the following provisions:

- The original records (including software) of an investigation for a thesis or the development of a project are the property of the university but may be retained by the student at the discretion of the student's major program. In cases of dispute, the matter shall be referred to the University Technology Advisory Committee.
- The university shall have, as a condition of the degree award, the royalty-free right to retain, use and distribute a limited number of copies of the thesis, together with the right to require its publication for archival use.
- Creative works developed by a student (including software) employed by the university are owned, not by the student, but by the faculty member or the university as provided by this Policy.

Off-Campus Misconduct

Disciplinary action by the university may be taken against students and/or organizations who engage in off-campus misconduct and/or illegal behaviors. Secondly, students involved in campus activities that occur off campus are expected to abide by all university policies. See **Section 6:** for details on student conduct policies.

Posting Information/Advertising

All material posted on campus must be approved by the Office of Student Life (Hickory), Business Office (Columbia), and/or the Center Affairs Coordinator (Asheville). Only information that directly pertains to the campus community will be approved. No advertisements of solicitation will be posted except with approval by the offices listed above. All information/advertisements must be posted on bulletin boards or other designated areas. Posting information on painted surfaces, glass, or outside wall areas is **not permitted**. Students must supply materials to post their announcements, and they must remove announcements following the event. Advertisements for alcohol or events involving alcohol (by on or off campus groups) are not permitted on campus. A university official may remove unapproved information/ posters/advertisements at any point if the information is found to be outside the permitted guidelines.

RAVE Alert

RAVE Alert is LR's emergency notification system. The emergency notification system will be used in instances where imminent and/or persistent danger is present. Other campus issues of concern will be relayed via LR email. Each student should sign-up as soon as you enroll at <https://www.getrave.com/login/lr>. Students should use the same log in information used to log into email, myLR, and CANVAS accounts. It is highly recommended that everyone sign up during the first few days of enrollment at LR.

Records & Files of Students

In compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974, students attending LR are permitted to inspect and review their own educational records, including academic transcripts, financial records, and disciplinary action upon written request to the university official who serves as custodian for the type of record to be reviewed. Records access is given within 45 days of receipt of the request. LR reserves the right to refuse to permit a student to inspect the following records: financial statement of parents, letters of recommendation for which the student has waived the right of access, records connected with an application to LR if that application was denied, and records which are excluded from the FERPA definition of educational records.

The university may deny transcripts or copies of records not required to be made available through FERPA if the student has an unpaid financial obligation to the university or if there is an unresolved disciplinary action against that student. Normally, the university may disclose information labeled as "Directory Information." This information includes name, address, telephone number, date and place of birth, major field of study, participation in recognized University sports, weight and height of athletes, dates of attendance, degrees and awards and previously attended school. The university may disclose any of these items without prior written consent unless notified in writing to the contrary by September 1 of each academic year.

Student Academic Records: See the General University Catalog.

Student Health Records: The Student Health Center maintains the security, confidentiality, and integrity of student health records. Student health records include all required student health forms required upon matriculation, student immunization records (required by NC state law), and other documentation that may have been needed for individualized appointments. The Health Insurance Portability and Accountability Act or HIPAA privacy rule provides the guidelines by which student health records may be accessed by anyone other than the student. Student health records are maintained for seven (7) years in locked filing cabinets in secured storage rooms. Health records are shredded upon being purged from the files.

Student Mental Health Records: The Cornerstone Student Support and Wellness Center maintains the security, confidentiality, and integrity of student mental health records. Student mental health records include all required student mental health forms including, Consent for Treatment and Notice of Confidentiality, progress notes documenting individual sessions, and Consents for Release of Information, as well as any additional documentation/information pertaining to each individual student seen for mental health counseling. The Health Insurance Portability and Accountability Act or HIPAA privacy rule provides the guidelines by which student mental health records may be accessed by anyone other than the student. Student mental health records are maintained for seven (7) years in locked filing cabinets. After seven (7) years, mental health records are shredded.

Student Conduct Records: The Office of Student Life maintains the security, confidentiality, and integrity of student conduct records. Conduct records include academic integrity and/or social conduct violations. Students' conduct records are retained for seven (7) years from the date of most recent enrollment or graduation from the university whichever is longer, provided that the student was not suspended, expelled, prohibited from future enrollment, or otherwise withdrawn for disciplinary or medical reasons. Retained records will be kept in locked filing cabinets in secured storage rooms. Student conduct records will be shredded upon being purged from the files.

Note: Records of students who were suspended, expelled, prohibited from future enrollment, or otherwise withdrawn for disciplinary or medical reasons may be retained indefinitely.

Release from Liability—Off Campus and Intramurals

The university assumes no responsibility for accidents or injuries incurred while students are engaged in off-campus activities or as a result of participation in intramural sports. Intramural participation is completely voluntary. It is strongly recommended that all participants have a physical examination and secure adequate medical insurance prior to participation. Certain risks are inherent in outdoor recreational activities, in travel and in residence in foreign countries. The university assumes no liability for these voluntary activities.

Roofs of Buildings

Roofs of all campus structures are off-limits to students. Students found in violation may be subject to

student disciplinary action.

Sexual Misconduct and Sexual Harassment

See the section on **Sexual Misconduct** under **Section 5: Special Campus Policies**.

Smoke Free Campuses

It is the policy of Lenoir-Rhyne University to prohibit smoking, the use of smokeless tobacco products and nicotine delivery devices in facilities, grounds and property owned, leased or controlled by the university. The sale, give-away, or advertisement of tobacco products is not allowed on university property. Tobacco products include but are not limited to: cigarettes – traditional and electronic, cigars, pipes, hookah, smokeless tobacco (chewing tobacco, snuff, snus, etc.), other tobacco and nicotine administering products (excluding Nicotine Replacement Therapy).

Solicitation

It is the policy of the university that solicitation of employees and students upon university premises by or on behalf of any business, club, society, or organization is strictly prohibited. This prohibition applies to all persons from on or off campus and covers solicitation in any form, including membership, payment of money, subscription, or sales. A limited number of exceptions to the above may be granted by the dean of students. Anyone soliciting in the residence areas should be reported to area coordinator, the director of residence life, and/or the Office of Public Safety.

Trespassing

The university reserves the right to issue a "No Trespassing" order to any person whose presence is deemed unsuitable. Subsequent trespassing on the university grounds will result in civil and/or criminal action.

Vehicles - Hickory Campus

All students, faculty and staff of the university who operate a motor vehicle on the campus are required to register the vehicle with the Security Office. Parking an unregistered vehicle on campus will result in a \$50 fine. All motor vehicles parked on Lenoir-Rhyne property must be kept in working condition. Disabled vehicles will be towed at the owner's expense. The security staff publishes a brochure that outlines the

regulations pertaining to use of vehicles on campus. This information is also on Lenoir-Rhyne's website, <http://www.lr.edu/student-life/vehicle-registration-parking>.

Students may also keep bicycles on campus as long as they are properly registered and stored in appropriate areas. There is a fee for registering automobiles and motorcycles; however, bicycles and mopeds are free to register.

Bikes, Mopeds, & Motorcycle Policy: Students are allowed to keep vehicles on campus with appropriate campus registration. Vehicles with gasoline engines (including motorized bicycles) and bicycles may not be parked in hallways, foyers, stairwells, or other indoor public areas. Helmets should be worn in compliance with state law.

Weapons and Firearms

Lenoir-Rhyne University strictly prohibits the possession or use, whether openly or concealed, of any weapon or ammunition (even if the individual has a concealed handgun license) while on university-owned property. Examples of "weapons" include, but are not limited to: the use of any object as a weapon or in a threatening manner; guns, rifles, pistols, bullets, explosives, bombs, grenade, mine, BB guns, air soft guns, paint pellet guns, bow and arrows, sling shots, bowie knives, dirks, daggers, switch-blade knives, blackjack, metallic knuckles, throwing stars, knives of more than six inches when opened and any other weapon of any kind. LR considers firearm ammunition, "water balloon launchers", BB/Pellet Guns, Paintball guns and "wingers" as weapons. Persons found responsible for possession of the above may be reported to law enforcement personnel, will be escorted off the campus and will not be allowed on university-owned property in the future.

Weather

When weather conditions pose a travel hazard for faculty, staff and students, the university may elect to delay or cancel classes. Consult <https://www.lr.edu/emergencyandsafety> for details for each campus.

- *Asheville*— Facility closings, late starts and class cancellations will be announced via an email or RAVE Alert announcement sent to faculty, staff and students' campus email accounts. We will also post class cancellations on the Center's Facebook and Twitter sites as well as to WLOS, WCQS, and the Citizen-Times. Changes in schedules of university non-class events and activities, such as conferences, workshops and speakers, will be announced via email and posted on the Center's [Facebook](#) and [Twitter](#) sites.
- *Columbia*— Pay attention to your LR email and other devices that receive RAVE Alert messages for information about delays and closings — and the resuming of normal operating schedule once conditions allow. Also, check the LR Columbia campus website, social media pages, and local television stations.
- *Hickory*—In addition to RAVE Alert, the LR Website will be updated as needed to reflect weather related changes in the class schedule.

Withdrawal from University

Any student that desires to withdraw from the university during the semester must clear the withdrawal through several campus offices. Students should contact the Registrar's office for more information on the withdrawal process. Prior to withdrawal a student must fulfill any monetary obligations to the university; some students may be eligible for refunds according to the refund policies located in the University Catalog. Any student who leaves during the semester without officially withdrawing may lose any refund due and may be refused a transcript. Any student who stops attending classes without properly withdrawing from school may receive failing grades in all courses. These standards do not preclude removal from the university or university housing in accordance with the provisions of the

housing agreement or other university rules or regulations. Involuntary administrative withdrawal is addressed in *Emergencies & Exigent Circumstances* found in **Section 5: Special Campus Policies** of this Handbook.

SECTION 5: SPECIAL CAMPUS POLICIES

There are certain policies and guidelines that must be adhered to by **all** students so that everyone may live comfortably and safely in the university community. Please remember all students are obliged to obey federal, state, and local laws.

Alcohol and Controlled Substances

In 1987, Lenoir-Rhyne University ("LR") entered into affiliation with the network of colleges and universities committed to the elimination of drug and alcohol abuse. In doing so, LR committed itself to a policy that is consistent with federal, state and local laws regarding the use of alcohol and illicit or controlled substances. Furthermore, the Drug Free Schools and Communities Act of 1988 and Amendments of 1989 (DFSCA) require that institutions of higher education adhere to "standards of conduct that clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities." (<https://www.ecfr.gov/current/title-34/subtitle-A/part-86?toc=1>)

Policy Statement: LR prohibits the unlawful possession of alcohol and illicit drugs by students either on LR property or at any LR-related activity. This prohibition extends to activities sponsored by groups or organizations related to LR; and it extends to off-campus activities, including professional conferences, where attendance by students is sponsored, wholly or in part, by LR or by organizations related thereto. Furthermore, LR reserves the right to hold members of the LR community accountable who, in other situations, whether on campus or off, are found to be in violation of federal, state and local laws related to the use of controlled substances.

As an institution of higher education, LR requires all students to comply with federal, state and local laws related to the use of alcoholic beverages, narcotics and other drugs. LR further requires all students to comply with NCAA guidelines concerning the use of drugs, including the NCAA prohibition on the use of anabolic steroids and stimulants by student athletes.

The following North Carolina Statutes inform LR's position on drug and alcohol use:

Alcohol: (NC STATUTE 18B-302)

- It shall be unlawful for a person less than 21 years old to purchase, attempt to purchase or possess malt beverages, wine, liquor or mixed beverages.
- It shall be unlawful to sell or give malt beverages, wine, liquor or mixed beverages to anyone less than 21 years old.
- It shall be unlawful for anyone to obtain or attempt to obtain alcoholic beverages by using a fraudulent or altered driver's license or other ID (also by using a driver's license or other ID issued to another person).

Controlled Substances: (NC STATUTE 90-95)

- It is unlawful for any person to manufacture, sell or deliver; possess with intent to manufacture, sell or deliver; or possess a controlled substance or counterfeit controlled substance.
- It is unlawful for any person to knowingly use, possess, manufacture or deliver drug paraphernalia (NC Statute 90-113.22, 90-113.23) as defined in NC Statute 90-113.21.

LR takes very seriously the possession, use or sale of any controlled substance as well as violations of the laws regarding alcoholic beverages. The campus is not a sanctuary that relieves students or its employees of their responsibilities as citizens to abide by local, state and federal laws, nor LR regulations, policies and procedures. Moreover, students are reminded that the permissible, lawful possession and consumption of alcohol on LR property by persons of lawful age is a privilege, which carries with it commensurate responsibility that may be revoked at LR's absolute and sole discretion for any or no reason at any time.

Where to Go for Help: LR's Counseling Services offers individualized assessment, substance abuse counseling and education for students, available upon request, to assist with any alcohol or substance abuse problems. For assistance dealing with substance abuse issues, individuals should contact LR's Counseling Services.

Alcohol Use Policies

The possession or consumption of alcoholic beverages by LR students is prohibited except in accordance with the provisions set forth below.

1. Behavior and the consequences of each student's behavior are the responsibility of the individual student. Intoxication, intoxicated conduct and resulting behaviors are subject to the disciplinary processes and sanctions set forth in the **Student Conduct and Grievance Procedures**, found in **Section 8** of this Handbook. Such behavior may also subject an individual to liability under civil and criminal law.
2. The display of alcohol in public areas is prohibited. Students over 21 years of age and possessing alcohol for their own personal use and consumption may transport that alcohol through "public areas" only in a closed container in a bag or a cooler. *The consumption or display of alcoholic beverages or containers in public areas is prohibited except at a registered event involving alcohol.* (For purposes of this policy, the term "public area" shall refer to any LR building, room, external area or property other than the interior boundaries of the student's private residence room when the door is closed. The interior boundaries of the residential houses of organizations, meaning on-campus organizational houses where access and privileges are limited to members of that organization, shall not be considered to be common or public areas of the campus for the purposes of the alcohol policy. Members of these organizations may meet in these areas at the discretion of the organization. Legal personal possession and consumption of alcohol in these areas including externalities such as decks or porches is prohibited. When deemed necessary, LR officials may ask organizational officers to clear the porches and/or decks.)
3. The possession or use of kegs and alcohol paraphernalia (bongs, funnels, etc.) on campus is prohibited. All bulk quantity common source containers are prohibited.
4. No student shall permit, tolerate, encourage or participate in "drinking games."
5. Alcohol may not be used as an award or trophy for any event or program of LR or by any LR-related organization, group or individual.
6. Advertisement regarding alcohol and alcohol-related events and activities must adhere to the following guidelines:
 - a. LR publications will not accept advertisements promoting alcohol use or events at which alcohol will be present.
 - b. Fliers, posters and advertisements regarding events at which alcohol will be present are prohibited.
 - c. Invitations to events at which alcohol will be served must be addressed to specific individuals and placed in campus mailboxes. Mass distribution of non-specific invitations by any means is prohibited for any event at which alcohol will be present.

All provisions of the LR Alcohol Policy are enforced year-round, including all breaks and summer sessions. LR students are responsible for the conduct of their guests, including alcohol violations. LR students and student organizations may incur disciplinary sanctions as a result of guest violations.

Abusive drinking, even if otherwise lawful, will not be tolerated. Abusive drinking is defined as:

- The use of alcohol associated with or contributing to medical consequences such as passing out, blackouts (loss of memory), gastritis (vomiting, retching), physical injuries or other medical problems, including mental health concerns.
- Excessive or binge drinking. Binge drinking is defined as five or more drinks in one sitting.
- The use of alcohol in association with inappropriate, disruptive, disrespectful, destructive, loud or threatening behavior. Such behavior includes, but is not limited to, verbal abuse, physical abuse, failure to comply with an LR official, property damage, any behavior that violates the LR Statement of Academic Integrity and Student Code of Conduct, recurring episodes of intoxication, and/or a single episode of intoxication in which the dean of students believes the level of intoxication posed a risk to the student's health or well-being.

Provisions for Alcohol use in Residence Halls and Residential Houses: In addition to the provisions listed above, the following provisions apply to alcohol use in the residence facilities:

1. All halls with first-year students are designated as alcohol-free residence areas. No alcohol is permitted under any circumstances in these halls or rooms.
2. Although LR does not condone the use of alcohol, students who are at least 21 years old may consume alcoholic beverages in their residence rooms and the residence rooms of other 21 year olds, provided the door is shut, no person under 21 is in the room and all persons conduct themselves in accordance with LR's alcohol policies.
3. Alcohol found in any room occupied by a person who is not 21 years old will be confiscated, even if a person who is 21 years old also resides in the room.
4. Students who are at least 21 years old and who are members of an organization with a residential house may consume alcohol within the confines of their residential house and deck/porch.

Off-Campus Events: Although LR ordinarily is not in a position to monitor off-campus events, all students should be aware that the LR policies concerning alcohol apply with equal force to such off-campus events.

Events Involving Alcohol: The policies below apply only to events at which alcohol is present and (i) eight or more people are gathered or (ii) 15 or more people are gathered in the Living-Learning Center and Price Village.

1. Each group associated with the event must send at least one representative from its executive cabinet to an Alcohol Education Workshop sponsored each semester by the Office of Student Life. Organizational advisors are strongly encouraged to attend.
2. Open events, meaning those with unrestricted access by nonmembers of that organization, are prohibited. Events will be by invitation only to a predetermined number of guests. The invitation list must be filed in the Dean of Students Office with the event permit request one week in advance of the event. A Campus Activity Board (CAB) activity open to the entire student body is exempt from this requirement, but such an event requires prior approval by the dean of students.
3. To obtain approval for an event, a group must complete and submit an event permit request to the dean of students at least one week prior to the planned event. Blank event permit request forms are available in the Office of Student Life.
4. Food must be served at all events involving alcohol. Nonalcoholic, closed container beverages must be available at all times during the event.
5. The event will be limited to four hours. Events may go until 2 a.m. on Friday and Saturday nights. A Thursday night event may go until midnight. Events involving alcohol are prohibited Sunday through Wednesday.
6. Kegs and other bulk quantity common source containers are prohibited at events.
7. Students who live in residential houses may register their house and attached deck/porch for an event. Alcohol is not allowed on the grounds surrounding residential houses.

8. Students who live in residence halls may register various approved locations on-campus for events. Events will not be approved in residence halls. A list of approved locations is available in the Dean of Students Office.
9. A legal-age student who transports alcohol anywhere outside of an area where legal consumption has been approved must cover the closed container in a bag or a cooler.
10. Advertisements (including party invitations) for events sponsored by student organizations must conform to the guidelines listed elsewhere in LR's Alcohol Use Policies.
11. All fraternities and sororities must abide by the provisions laid out in the Student Organization Handbook.
12. Failure of a campus group to exhibit responsible behavior, abide by the conditions established by this policy, or provide adequate security for members and invited guests may result in the group's loss of privileges for one full year from that date or for the remainder of the current school year plus the entire next year. National organizations will be notified in the case of fraternity and sorority violations.
13. LR officials may enter an event at any time, and attendees have no expectation of privacy in connection with such events.
14. Glass containers of any kind are prohibited at events.

The following policies apply wherever alcohol is available at off-campus gatherings:

1. Alcohol shall not be provided by organizations or individuals to persons not known to be 21 years old or older.
2. The sale of alcohol shall be prohibited unless the distributor is licensed by state or local authorities.
3. Individuals, groups of individuals or organizations that influence excessive and/or harmful consumption of alcohol through games, peer pressure, subterfuge or other activities are subject to disciplinary action both by LR and/or external authorities.
4. Any organization or group of individuals that sponsors an event at which alcohol is available should provide food and alternative (nonalcoholic) beverages during the duration of time when alcohol is available.
5. Any individual, group of individuals or organization that sponsors an event at which alcohol is available should consider the effects, including noise and parking, upon the community where the event is scheduled. Specifically, such events should not be scheduled where noise pollutes residential communities or where people park on private property other than that of the hosts.
6. Litter should not be allowed to accumulate, even temporarily, in or around the event location.

Sanctions for Violations Involving Alcohol: Although sanctions may be increased in a given circumstance, the following represent typical sanctions given to students who violate LR's Alcohol Policies. The level of violation will be determined through the student conduct process in accordance with this Handbook. Academic departments, athletic teams and cocurricular organizations may impose additional, stricter sanctions than those outlined below. Such policies should be placed on file with the appropriate department head and/or dean of students.

Possession/Consumption (Adjudication will be by hearing officer or Student Conduct Council)

First Offense

- Written warning
- Notification of violation sent to parent/guardian and, as appropriate, coach and athletic department or on-campus supervisor.
- Alcohol assessment or workshop with LR's Counseling Services. (Possible additional sessions may be required.)
 - A "no-show" or cancelled appointment without appropriate documentation will result in an off-campus referral at Cognitive Connections. Student will be responsible for any associated expenses.
- Any additional sanctions will be determined by the hearing officer or Student Conduct Council.

- If any sanctions given are not completed within the specified time frame, a hold will be placed on the student's account until all sanctions are completed.

Second Offense

- \$50 fine or commensurate community service
- Notification of violation sent to parent/guardian and, as appropriate, coach and athletic director/ or on-campus supervisor.
- An off-campus referral at Cognitive Connections as coordinated by LR's Counseling Services; student will be responsible for any associated expenses.
- Any additional sanctions determined by the hearing officer or Student Conduct Council.
- If sanctions are not completed within the specified time frame, the student will not be allowed to represent LR in any capacity. In addition, a hold will be placed on the student's account until all sanctions are completed.

Third Offense

- All sanctions applicable for a Second Offense, plus possible removal from campus housing and/or possible suspension from representing LR in any capacity (e.g., serving as a tour guide, presenting off-campus, intercollegiate or cocurricular competitions). The hearing officer or Student Conduct Council will determine the length of any such suspension.

In addition to the above, typical sanctions for students involved in disruptive behavior in connection with alcohol use or possession are as follows:

Abuse of Persons: Intoxicated persons who abuse persons should expect expulsion and referral to law enforcement agencies. Abuse of persons includes, but is not limited to, assault, battery, intimidation and insubordination.

Abuse of Property: Intoxicated persons who violate the property rights of others must make restitution within the time frame specified in the sanction. Typically, minimal sanctions for the first offense include a fine or commensurate community service. Sanctions may also include loss of campus housing, disciplinary probation, referral to law enforcement agencies, suspension or expulsion. In the event of a second offense, students should expect suspension or expulsion from LR and referral to law enforcement agencies.

Public Impairment or Driving Under the Influence (DUI/DWI): Sanctions for typical offenses are the same as those listed for possession/consumption. A charge or arrest for these actions will be treated as such.

Illegal Distribution (Dean of Students or Student Conduct Council will adjudicate all hearings for Illegal Distribution)

First Offense

- Sanction for selling alcohol illegally or for illegally abetting, purchasing or distributing alcohol to individuals younger than 21 years of age include a \$100 fine (or commensurate community service) and probation for remainder of academic year.
- Depending on the severity of the offense, a suspension or expulsion may also be imposed.
- Any additional sanctions determined by the dean of students or Student Conduct Council.

Second Offense

- Sanction will include a \$250 fine or commensurate community service.
- Additionally, the student will be either suspended or expelled, depending on the severity of the offense.
- Any additional sanctions determined by the hearing officer or Student Conduct Council.

Failure to Enforce LR Policies or Recommendations, or Applicable Law

Where organizations fail to enforce LR policies and recommendations or laws involving the distribution, possession or use of alcohol, sanctions ranging up to suspension, expulsion and revocation of the charter of the organization may be imposed.

Controlled Substances

LR maintains a strict policy regarding the illegal possession, consumption and/or distribution of all illicit drugs and controlled substances (including, but not limited to, marijuana and prescription medications without a valid prescription) that are classified as Schedule I, II, III, IV or V.

Controlled Substances Use Policies: The illegal possession or consumption of controlled substances by LR students is prohibited at all times.

Provisions for Controlled Substance Use in the Residence Halls and Residential Houses: The illegal possession or consumption of controlled substances is prohibited in LR Residence Halls and Residential Houses.

Events Involving Controlled Substances: The illegal possession or consumption of controlled substances is prohibited at any LR-related events.

The hearing officer or Student Conduct Council will determine the level of violation. Academic departments, athletic teams and cocurricular organizations may impose additional, stricter sanctions than those outlined in the policy below. These policies should be placed on file with the appropriate department head and/or dean of students.

Possession and/or Use

First Offense – sanction will include:

- \$85 fine or commensurate community service.
- Suspension of all intercollegiate participation is determined based on NCAA guidelines. Suspension will begin immediately and be applied to current/future regular and postseason competition until completed. The dean of students will determine all other suspensions.

- Completion of an initial assessment with LR's Counseling Services within a specified time.
- Student shall be subject to drug tests at any time.
- Parent/guardian will be contacted through phone call and/or letter.
- Coach and athletic director/on-campus supervisor will be contacted, as appropriate.
- Completion of 10 hours of community service within 30 days of the sanction being imposed.
- Remain on disciplinary probation for one calendar year from the offense date.
- **Student must complete the initial counseling assessment and all other sanctions prior to representing LR in any capacity (e.g., serving as a tour guide, presenting off-campus, intercollegiate or cocurricular events).**

Second Offense – sanction will include:

- \$200 fine or commensurate community service.

- Completion of an initial assessment with LR's Counseling Services within a specified time (with additional sessions likely required).
- Suspension of all intercollegiate participation according to NCAA guidelines. Suspension will begin immediately and be applied to current/future regular and postseason competition until completed. The dean of students will determine all other suspensions.
- 75 hours of community service to be completed within 120 days of the sanction being imposed.

Third Offense – sanction will include:

- Suspension or expulsion.

In addition to the above, typical sanctions for students involved in disruptive behavior in connection with the use or possession of controlled substances are as follows:

Abuse of Persons: Persons under the influence of a controlled substance who abuse persons should expect expulsion and referral to law enforcement agencies. Abuse of persons includes, but is not limited to, assault, battery, intimidation and insubordination.

Abuse of Property: Persons under the influence of a controlled substance who violate the property rights of others must make restitution within the time frame specified in the sanction. Typically, minimal sanctions for the first offense include a fine or commensurate community service. Sanctions may also include loss of campus housing, disciplinary probation, referral to law enforcement agencies, suspension or expulsion. In the event of a second offense, students should expect suspension or expulsion from LR and referral to law enforcement agencies.

Public Impairment or Driving Under the Influence (DUI/DWI): Sanctions for typical offenses are the same as those listed for possession/consumption. A charge or arrest for these actions will be treated as such.

Illegal Distribution: The illegal distribution, delivery or sale of any narcotic, hallucinogenic drug or other controlled substance while on LR property or while attending an LR-related event is strictly prohibited. Any offense, even the first offense, may result in suspension or expulsion.

Illegal Possession of Drug Paraphernalia: The illegal possession and/or use of drug paraphernalia, including, but not limited to, roach clips, bongos, pipes or rolling papers, while on LR property or while attending an LR-related function is specifically prohibited. Hookahs are also banned from LR. Sanctions may include mandatory referral to LR's Counseling Services for assessment. Additional sanctions, including, but not limited to, fines (or commensurate community service), the loss of campus housing or suspension, may be imposed.

Clery Act

The Jeanne Clery Act requires institutions to publish and distribute an annual security report containing campus policies and procedures as well as campus crime statistics. Specific reports may be found at <http://www.lr.edu/student-life/campus-security>.

Copyright Policy

All members of the Lenoir-Rhyne University community—faculty, staff, students, and affiliates covered by relational agreements—are expected to understand and always abide by established statutory and regulatory guidelines regarding use of copyrighted materials. Accordingly, the University's General Statement on Copyright Policy, reprinted below, is applicable to and enforceable against all persons who are members of the LR community. Similarly, the section focused on the Digital Millennium Copyright Act applies to the entire LR community.

The university will review its policies and procedures related to combatting unauthorized use of copyrighted materials on a regular basis and make revisions to this policy if/when statutory or regulatory changes occur or internal review supports such alterations. General reviews will take place with each annual revision of the *Faculty Handbook*, and more thorough policy reviews will occur periodically. Any substantive changes in policy will be shared with the LR community through the appropriate means of communication, e.g., electronic mail.

All members of the LR community should understand that, in addition to any sanctions imposed by the university, persons in violation of copyright law through unauthorized distribution of such materials, including unauthorized peer-to-peer file sharing, may subject persons to additional civil and criminal liabilities under Section 106 of the Copyright Act (Title 17 of the US Code). In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages of statutory damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed, and may at its discretion, also assess costs and attorneys' fees (Title 17, US Code, Sections 504, 505). Moreover, willful infringement may result in criminal penalties, including imprisonment of up to five years and fines no greater than \$250,000 per offense.

Lenoir-Rhyne University General Statement on Copyright Policy

Lenoir-Rhyne University is dedicated to adhering to copyright law. Consequently, the university urges all members of the LR community to become familiar with the principles and rules which govern use of works protected by copyright. LR strictly forbids the illegal uploading and downloading, and unauthorized distribution of copyrighted materials using the institution's information technology system, which includes peer-to-peer filing sharing of music, videos, books, or other copyrighted materials. In addition to civil and/or criminal penalties imposed by the legal system, LR may subject LR community members to additional disciplinary sanctions for violation of these policies, suspend internet access

through the university's informational technology system, or other measures deemed necessary to stop unlawful infringement. Sanctions may range from verbal warnings (with the expectation that such behaviors will cease) for first and/or relatively minor offenses, to termination of employment or student expulsion in especially egregious and/or continually repeated violations.

What is "copyright" and who cares?

The right to make copies of another's work is severely restricted in the United States and throughout the world. By securing the benefits of ownership to creators of intellectual property, the government encourages production and dissemination of socially valuable creations. Unauthorized use of another person's intellectual property is a form of theft which discourages creativity.

Violation of copyright law carries substantial penalties. Civil and criminal penalties can be imposed for copyright infringement, including award of actual and punitive monetary damages. When a member of the LR community infringes copyright, they may also be exposing to liability the university and associated businesses.

However, complying with copyright law is often difficult because of the complexity of the rules which govern how and when one can use intellectual property owned by another person or organization. Sometimes, individuals may steal others' intellectual property without knowing it. At the same time, persons should not be deterred from using the work of others simply because they are uncertain about what is copyrighted, what constitutes "fair use," and how to get permission to use copyrighted works.

What works are protected by copyright law?

Copyrightable expression is original authorship, fixed in a tangible medium of expression. By this standard, mere facts and ideas cannot be copyrighted. In addition, works created by Federal government employees, titles and short phrases, and works in the public domain are not protected. Among the types of work protected by copyright are literary productions, musical notation and recorded music, pictures and graphics, motion pictures and video footage, databases, Web pages, and computer programs.

Just because a work is out-of-print or "old" does not mean that it is unprotected. Similarly, absence of a statement that the work is copyrighted does not mean that one is free to use it. One should assume that all material is copyrighted unless its source states clearly that it is not.

Copyright matters related to computers and computer network raise complex issues, e.g., transfer of works from one medium to another. In general, one cannot transfer a substantial portion of a work from one to another medium without getting permission from the copyright holder. Consequently, transferring without permission a musical recording to the soundtrack of a digital recording or to a CD-ROM violates copyright law. (Further details regarding digital materials are outlined below.) In addition, one cannot assume that every work which appears on the Internet is in the public domain. Displaying an image or file on the Internet is equivalent to displaying it on television, in an art gallery, or in print; only the copyright holder has this privilege.

What is "fair use"?

Persons do not need to get permission for all uses of copyrighted work. The law permits use of a portion of a work without the copyright owner's permission for purposes such as teaching, scholarship, research, criticism, and comment. Four criteria must be considered when determining whether one is making "fair use" of a copyrighted work: (1) one's purpose, including whether it is commercial or not-for-profit educational use; (2) the nature of the work itself; (3) the percentage of the work used; and (4) the effect of the use on the work's market value. (Users are responsible for knowing the guidelines for Fair Use.)

These criteria allow instructors to distribute in their classes portions of works which are protected. Instructors generally don't need permission to display copyrighted works in their classrooms, to distribute

some portions of such works to their students, or to engage in one-use only copying. In addition, there are many "educational use exemptions" that allow the performance or display of copyrighted work during face-to-face teaching activities in a nonprofit educational institution.

However, LR employees and students are not exempt from copyright laws simply because they are putting copied material to educational use, or because they are not selling or profiting from the distribution of copyrighted works. One's use must meet specific tests of brevity, spontaneity, and cumulative effect. One should never copy works in order to replace or substitute for published anthologies, compilations, or collected works.

What constitutes permission and how do you get it?

All members of the LR community are required to obtain permission to use a copyrighted work when its use falls outside the standards of "fair use" and "educational use exemptions." Permission must be secured from the current copyright holder, which may not be the author or the publisher identified in the work. Permission must be in writing.

In order to get permission, one should contact the copyright owner, saying exactly what one wants to copy, the number of copies to be made, and whether the material is to be used alone or in combination with other material. Such requests should generally be directed to the publisher's Rights and Permissions Department. In case the publisher is not the copyright holder, or does not have the right to authorize a particular use, one usually will be directed to the correct person or agency.

One should remember that no response is *not* equivalent to a positive response. If one does not hear from an author or publisher from whom one has requested permission to use a copyrighted work, one simply does not have permission.

Because computer software falls under copyright law, faculty, staff, and students must be aware of the specific licensing agreements which control copying programs. A program user should consult the license agreement to determine whether copying a particular program is permissible. One is usually allowed to create only a backup copy.

Where can I find answers to specific copyright questions?

In addition to discouraging copyright infringement, LR wants to make available in its classrooms the best information available. In order to prevent conflict between legal restrictions and effective teaching, LR provides a wide variety of information resources about copyright. Librarians can direct LR community members to resources which might answer particular questions. Persons with inquiries may access online <http://www.copyright.gov> (and especially the FAQ at www.copyright.gov/help/faq).

Who to Contact?

A perceived copyright violation on any LR website should be reported to the University Provost (on matters regarding possible academic violations), to the dean of students (on matters associated with alleged student violations that do not refer to academic activity) or to the appropriate Division Head (on issues associated possible staff violations related to these policies).

Digital Millennium Copyright Act (DMCA)

What is the DMCA?

The Digital Millennium Copyright Act (DMCA) is a United States copyright law that implements two 1996 treaties of the World Intellectual Property Organization (WIPO). It criminalizes production and dissemination of technology, devices, or services intended to circumvent measures (commonly known as digital rights management or DRM) that control access to copyrighted works. It also criminalizes the act of circumventing an access control, whether or not there is actual infringement of copyright itself. In addition, the DMCA heightens the penalties for copyright infringement on the Internet.

Information about the details of the DMCA and all its titles is plentiful and can be found on the Internet. The purpose of this page is to provide information about the university's procedure for handling the receipt of "take down" notices regarding copyright infringement and to inform users about the escalating consequences that take place with repeated violations.

Lenoir-Rhyne's policy is based on its qualification under a provision of the act (Title II: The Online Copyright Infringement Liability Limitation Act, or "OCILLA") that creates a safe harbor for online service providers (OSPs, including ISPs) against copyright liability if they adhere to and qualify for certain prescribed safe harbor guidelines and promptly block access to allegedly infringing material (or remove such material from their systems) if they receive a notification claiming infringement from a copyright holder or the copyright holder's agent. Wikipedia, http://en.wikipedia.org/wiki/Digital_Millennium_Copyright_Act#Title_II:_Online_Copyright_Infringement_Liability_LimitationAct

"Take Down" Notice Process

- Lenoir-Rhyne University does not monitor user activity nor does it play a part in identifying material that may have been acquired in violation of copyright. Lenoir-Rhyne is legally responsible for acting on the receipt of notices received from authorized agents.

Lenoir-Rhyne receives notices from authorized agents. The notice provides an IP address as well as date and time of the infringing event. ITS Network Administrators determine the user from the IP address. At that time, the infringement notice is forwarded directly to the user. An original of the email is maintained. The user is placed into quarantine and loses network access.

Unauthorized Distribution of Copyrighted Material

- Lenoir-Rhyne strictly prohibits the illegal uploading and downloading, and unauthorized distribution of copyrighted materials using the institution's information technology system, which includes peer-to-peer file sharing of music, videos, books, or other copyrighted materials. The unauthorized distribution of copyrighted material may subject students, faculty, and staff to civil and criminal liabilities. In addition to penalties imposed by the court, Lenoir-Rhyne University may subject violators to disciplinary sanctions as set forth below for violating this Policy, suspend internet access, or take any other measures deemed necessary to stop the unlawful infringement.

FIRST VIOLATION:

- Students: lose network access and must report to IT Help Desk to have the infringing material removed from their system. Once the infringing material is removed, network access is restored.
- Staff/Faculty: lose network access and must contact the Help Desk to have the infringing material removed from their system. Chief Information Officer and user's supervisor is notified. Once the infringing material is removed, network access is restored.

SECOND VIOLATION:

- Students: referred to dean of students. Once the student has met with the dean and the infringing material is removed, network access is restored.
- Staff/Faculty: referred to Human Resources or Provost, as appropriate. These offices will advise ITS Network Administrators as to restoration of network access.

THIRD AND SUBSEQUENT VIOLATIONS:

- Students: referred to Student Conduct Council, which will include a timeframe of restoration of access.
- Staff/Faculty: referred to Human Resources or Provost as appropriate and will include a timeframe of restoration of access.

Loss of access is part of all violations.

Civil and Criminal Penalties

- Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees to the infringer (for details, see Title 17, United States Code, Sections 504, 505). Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ's at www.copyright.gov/help/faq.

FERPA – FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a federal law which helps protect the privacy of student education records. The act provides eligible students the right to inspect and review their education records. An "eligible student" under FERPA is a student who is 18 years of age or older or one who attends a postsecondary institution. The intent of the legislation is to protect the rights of students and to ensure the privacy and accuracy of education records.

The rights protected under FERPA include:

1. The right to inspect and review the student's educational records within 45 days of the day Lenoir-Rhyne University receives a written request for access.
2. The right to request an amendment to the student's education records that the student believes are inaccurate or misleading.
3. The right to consent to disclosures of personally identifiable information (PII) contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
4. The right to file a complaint with the US Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
US Department of Education
400 Maryland Avenue SW
Washington, DC 20202-5901

Good Neighbor Policy

Students, as a community, are representatives of Lenoir-Rhyne University and their behavior reflects directly on the university. Students must understand and appreciate that residents of a particular community (Hickory, Asheville, and Columbia) have made a long-term commitment to their neighborhoods; and students are transient members of the community and usually remain only for the duration of their academic tenure. The quality of life and the overall character of a neighborhood can be greatly influenced by the behavior exercised by students. Displaying a respectful and courteous attitude may make the neighborhood a more pleasant place to live for everyone.

Policy Statement: Families living in the neighborhoods around a campus have the right to enjoy a reasonable level of peace and quiet. Students' academic and personal schedules often conflict with the more routine schedules of families. Students are expected to exercise good judgment and be sensitive to the needs of their neighbors. Mass gatherings, rowdiness, public drunkenness, disorderly conduct, and people partying outside with loud music or other noise late into the night is inconsistent with the university's behavioral expectations. Lenoir-Rhyne University will respond to complaints from neighbors and others when behavior occurs off-campus that is inconsistent with the behavioral expectations and health and safety policies of the university, and students will be subject to local laws and sanctions as well as the university's *Student Conduct Policy* and resulting sanctions when a violation of the Student Code of Conduct occurs. The university may find student tenants of an off-campus

residence responsible for a violation of the Good Neighbor Policy that occurs at their address, regardless of their presence at the time of the incident. Specifically, in addition to their on-campus activities, all institutions of higher education must develop detailed strategies, enforcement options in coordination with local law enforcement and campus police, and communication plans to address students living and spending time in off campus settings. These settings include off campus housing whether apartments, houses, or sorority/fraternity houses.

The following are some examples of the behavioral expectations of the university with regard to off-campus living and gathering:

- **Health and Safety Violations:** Students (both residential and commuting) should adhere to all Health and Safety standards per local, state, and/or national guidelines while on- and off-campus. The university will abide by any state mandates that require face-coverings in public settings and restricts large gatherings. The university may also enact campus policies that go beyond any state mandates.
- **Noise:** Music and general noise should be maintained at reasonable levels and in accordance with relevant laws and ordinances. Music should be directed toward the interior of the residence. Students should remind visitors to exercise common courtesy when visiting, to refrain from excessive shouting between the street and the house, and to limit vehicle noise.
- **Automobiles:** Students are expected to observe all city ordinances and exercise courtesy and common sense. Students and their visitors should not obstruct the street or private driveways, or park on someone else's property without permission. For students' own safety, as well as that of their neighbors, students must abide by all traffic laws and drive responsibly.
- **Property:** Students and their guests shall respect the property of their landlord, host and neighbors. They are to refrain from the destruction, defacing or littering of property.
- **Verbal Harassment:** Students should not engage in verbal harassment, profanity and fighting words directed toward others. Rather, when the potential for conflict develops, students are encouraged to seek assistance from the local law enforcement.
- **Fighting/Assault:** Physical assault and confrontational behavior are unacceptable. If a volatile situation occurs, students are expected to walk away until the concerns can be appropriately addressed. Additionally, students can seek assistance from local law enforcement.
- **Alcoholic Beverages and Drugs:** The use of alcoholic beverages and/or drugs should be in accordance with all state and local laws.
- **Responsibility and the Social Host:** When entertaining guests, students must understand that, in addition to the Student Conduct Policy, students may also be subject to civil and criminal liability if their guests act irresponsibly. As a social host, a student assumes significant risks associated with state and local laws regulating drinking age, noise and public safety when the student hosts a party. Court decisions have found the social host to be liable for personal injury and property damage caused to third parties as a result of the irresponsible service of alcohol to guests. This liability is compounded when minors are involved. The state mandated limits for mass gatherings at the time of the incident will be enforced.

Procedures: Lenoir-Rhyne University will respond to complaints from neighbors, students, and others when behavior occurs off-campus that is inconsistent with the behavioral expectations of the university, and students will be subject to the university's *Student Conduct Policy* and resulting sanctions when a violation of the Student Code of Conduct occurs. The university may find student tenants of an off-campus residence responsible for a violation of the *Good Neighbor Policy* that occurs at their address, regardless of their presence at the time of the incident. Standard policies for *Student Conduct and Grievances* will apply.

Grade Appeal Policy

Grade Appeals

The purpose of this policy is to establish a standardized and transparent procedure for resolving cases involving disputed final grades assigned in undergraduate and graduate courses. This policy seeks to safeguard the rights of students to receive a fair, consistent, and impartial evaluation of their academic performance, while recognizing the faculty members as the evaluators of student grades. It is important for students considering a grade appeal to be aware that each faculty member possesses the right and duty to determine grades using a professionally acceptable method which must be communicated to all students through the syllabus and applied equitably. It is crucial to note that any prejudiced, arbitrary, or unjust academic evaluation by faculty members constitutes a violation of students' rights and is valid grounds for a final grade appeal.

Lenoir-Rhyne University (LR) takes seriously the concerns and academic complaints of its students. Only final course grades may be appealed. The following provides the process for final course grade appeal.

Grounds for Grade Appeal:

A final grade appeal may be filed by a student on the following grounds:

- Calculation Error: A mathematical or clerical error occurred in the calculation or recording of the student's grade.
- Procedural Error: There was a violation of the university's stated grading policy, syllabus, or other established procedures related to assessment and grading.
- Arbitrary or Capricious Grading: The student believes that the assigned grade was unfairly or inconsistently determined without reasonable justification or in a manner inconsistent with the course's stated grading criteria.

Informal Resolution:

The university encourages students to first attempt to resolve grade disputes informally by discussing their concerns with the instructor involved. The student should schedule a meeting with the instructor within 14 days from the date the final grade was issued or made available to the student. During the meeting, the student should present their reasons for appealing the grade, and the instructor should provide an opportunity for dialogue and explanation. If necessary, the instructor may work with their dean and the Registrar's Office to change a permanent grade if there was an error in calculation or procedure. If the student is unsatisfied with the informal process, the student may make a formal grade appeal.

Formal Grade Appeal Procedure:

If the issue remains unresolved after the informal resolution attempt or if the student believes that an informal resolution is not appropriate or possible, the student may initiate a formal grade appeal.

Step 1: Written Appeal

The student must submit a written appeal to the dean of the college within 30 days after the posting of final grades. The written appeal should include the following:

- Student's name, contact information, and course details (instructor, course code, section, semester)
- A clear and detailed explanation of the grounds for the appeal, including supporting evidence or documentation, such as graded assignments, exams, or other relevant materials.
- A statement of the student's desired outcome or resolution.

Step 2: Advisory Review (Advisory Review Committee)

Upon receipt of the written appeal, the dean will refer it to an *advisory review committee* who is appointed in collaboration with an assistant provost. The advisory review committee will meet to consider whether the student has offered sufficient grounds (see above) to move the appeal for a formal review. If the advisory review committee determines the appeal does not meet the grounds for appeal, the case will be nullified.

Step 3: Review and Evaluation (Administrative Review Board)

If the internal review committee determines the appeal warrants a formal review, the matter will be forwarded to the university administrative board for consideration. The university administrative board, appointed by the university provost, consists of representation by an assistant provost, a college dean (outside of the college in which the complaint occurs), a faculty member, and a student. The university administrative board will conduct a thorough review and evaluation of the appeal. This may involve consulting with the instructor, reviewing relevant course materials, and considering any additional evidence provided by the student. The review process will be completed within a reasonable timeframe (typically within 30 days after receiving the appeal from the internal review committee) but may be extended if necessary.

Step 4. Decision & Resolution

Based on review and evaluation, the Administrative Review Board will make a determination. This decision will be provided in a written response to the student. The response will include:

- The decision regarding the grade appeal, stating whether the appeal is granted or denied.
- The rationale and supporting evidence for the decision.
- Any recommended actions.

All decisions by the Administrative Review Board are final.

Grievance Policy and Procedures

Hazing & Bullying

In order to provide a safe, supportive and healthy living and learning environment for all students, Lenoir-Rhyne University has a clear student conduct policy against hazing and bullying. Lenoir-Rhyne expressly forbids all types of hazing and bullying of individual students or groups of students. **Hazing** is any situation created or action taken -- for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a formal or informal organization -- which meets one or more

of the criteria below. Hazing can be intentional or unintentional and can occur with or without consent. **Bullying** is defined as persistent unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time.

Hazing and bullying that is based on sex and/or gender (including gender identity and expression) is a violation of Title IX and the University's Sex/Gender Non-Discrimination and Anti-Retaliation Policy. Reports and complaints of sex-or gender-based bullying and hazing should be directed to the University's Title IX Coordinator.

Policy:

Lenoir-Rhyne University has defined hazing and bullying as any action taken or situation created intentionally or unintentionally, whether on or off campus premises, to produce mental or physical discomfort or embarrassment in other students. Hazing and bullying may also include the harassment or ridicule of other students. This includes any activity, whether it is presented as optional or required, that places a new or current member in a potentially harmful situation as a condition of membership. Any form of hazing is strictly prohibited and any member of the LR community who participates in or is knowledgeable of violating University Policy and the Student Code of Conduct can be held accountable.

Hazing is a violation of North Carolina statutes 14-35 and 14-36, and as such, may be punishable by criminal proceedings. North Carolina law defines "hazing" as subjecting another student to physical injury as part of an initiation, or as a prerequisite to membership, into any organized school group, including any society, athletic team, fraternity or sorority, or other similar group.

The situations, actions, or activities that constitute hazing are not consistent with the Core Values of Lenoir-Rhyne University and are in direct violation of University Policy and the Code of Student Conduct. Such activities and situations regarding student hazing may include, but are not limited to:

- Interference with academic pursuits.
- Paddling in any form.
- Physical or psychological shocks.
- Sleep or food deprivation.
- Forced (whether explicit or implicit) consumption of food, water, alcohol, drugs, or other substances.
- Creation of excessive fatigue.
- Morally degrading or humiliating games and activities.
- Line-ups and berating.
- Forced (explicit or implicit) wearing publicly or privately apparel which is conspicuous and not normally in good taste.
- Coercing another to engage in public stunts or pranks.
- Engaging in any other activities which are not consistent with academic achievement, fraternal law, ritual or the regulations and policies of the educational institution or applicable state law.

Such activities and situations regarding student bullying may include, but are not limited to:

- Taunting
- Malicious teasing
- Making threats
- Insulting
- Posting harmful or cruel text or images using the internet or other digital communication devices

The actions described above include any carried out or situations created by individual students, current students that are members of the organization/team or faculty and staff associated with the organization/team.

Additional circumstances which may necessitate the withdrawal from the University will be assessed on a case-by-case basis. In the event the student disagrees with the involuntary withdrawal or removal, they may request in writing that the assistant vice president and dean of students initiate the appeal process with the Student Conduct Review Board, during which time the student will remain withdrawn or removed, pending a final decision.

Mental Health Emergencies

A student who experiences a psychological emergency, including threatens or attempts to harm himself/herself, may be required to leave campus. They may be required to have a psychological evaluation. If the psychological emergency involves a community disturbance or disruptive behavior and/or requires supervision to maintain the safety of the student or others, the student may be required to remain off campus. The student's parent(s) or guardians may also be notified. In appropriate circumstances, if the student is allowed to remain enrolled, they will be required to sign an Agreement to Return to Campus (developed by the Behavioral Intervention Team), which documents conditions for remaining enrolled and/or in residence, including for example required outpatient treatment. In the event of an extreme emergency such as a suicide attempt or any situation where the student's judgment is significantly impaired, parent(s) or guardians will be contacted and hospitalization may be required. In such a situation, the student or their family will be responsible for all off-campus costs including transportation to the hospital, the initial evaluation, and any hospitalization costs or outpatient treatment.

SECTION 8: STUDENT CONDUCT & GRIEVANCE PROCEDURES

It is commonly recognized that members of any community are granted particular rights and, as rights are granted to a community, responsibility is required of the individual members. Lenoir-Rhyne University is no different. Each member of the community is responsible for upholding the values central to LR's mission, the values of excellence, integrity, care, and curiosity. The valued principle of integrity, however, requires community members to take personal responsibility for their words and actions. LR's University Student Conduct and Grievance Procedures are designed to support this principle through consistent policies and appropriate sanctions when necessary.

LR Student Grievance Procedures:

The LR Student Grievance Procedures are the means by which all grievances or other complaints asserted against an LR student must be resolved within the University community. The Student Grievance Procedures do not replace, nor are they intended to replicate, the state and federal criminal or judicial systems that are available to persons who wish to file a criminal or civil complaint or take other action against a student in such forums. Instead, these policies and procedures are designed to address allegations of student misconduct and the impact such misconduct has on other members of the University community. All LR students agree to accept and be bound by these policies and procedures, as well as the resulting outcome of any proceedings hereunder. All aspects of these policies and procedures are designed to provide a prompt, equitable, fair, and impartial investigation and resolution of grievances asserted against students. These policies and procedures further ensure that LR will take steps to prevent recurrence of any discriminatory or harassing conduct and will correct its discriminatory effects on its students, as needed.

Grievances Against Students Defined

A student grievance is any wrong or complaint asserted against a student (or, in the case of a grade appeal, by a student). Grievances fall into one or more of the following three categories: General Grievances, Academic Grievances, and Grievances involving allegations of sexual misconduct/Title IX/gender discrimination Complaints.

General Grievances are grievances against a student arising out of violations of any LR student conduct policy, *including but not limited to* grievances pertaining to: alcohol & controlled substances; property damage; trespassing; solicitation; weapons & firearms; intellectual property; advertising/posting; campus computing; criminal activity; and student housing. Where possible, informal resolutions will be attempted; however, there may be reasons that informal resolutions are not possible nor appropriate.

Academic Grievances are grievances arising out of violations of LR Academic Integrity Policy, including but not limited to grievances pertaining to cheating, plagiarism, lying and impeding an academic integrity investigation. All policies and guidance for the investigation and resolution of Academic Grievances (Academic Integrity Violations) are found in **Section 9: The Academic Integrity System**. (Note: Academic Grievances do not include Grade Appeals. Specific information on the resolution of Grace Appeals is found in **Section 5: Special Campus Policies**.)

Grievances Involving Allegations of Sexual Misconduct, Title IX, and Discrimination are grievances arising out of violations detailed in LR's Notice of Non-Discrimination, Harassment and Anti-Retaliation. All policies and guidance for the investigation and resolution of grievances involving sexual misconduct or Title IX are on the LR website at <https://www.lr.edu/titleix> or in **Section 5: Special Campus Policies**.

General Grievance Procedures for Student Conduct Violations

All student conduct grievances against students are addressed through one of the procedures set forth below. If a student is unsure of which procedure should be followed in a given case, the student should contact the Office of Student Life for guidance on how to proceed.

The timelines set forth for any action in a grievance proceeding may be modified upon good cause shown to the adjudicative body or person that is responsible for the proceeding when the need for an extension is presented, provided that all the parties are given written notice of the extension and the reason for it.

General Grievance Procedures follow a four-step process: (1) initiation of grievance/complaint; (2) informal dispute resolution, if appropriate; (3) if informal resolution is not achievable nor appropriate, automatic hearing by a hearing officer or Student Conduct Council (SCC); (4) upon request of any party, discretionary appeal to the Student Conduct Review Board. These steps are explained more fully, below.

1. Initiation of Grievance/Conduct Process
 - a. If the alleged conduct violation is observed by an employee of the university, the employee complainant should report the violation in writing to the Office of Student Life as soon as possible.
 - b. If the alleged conduct violation is observed by a student, the student complainant must complete an LR **Grievance Report Form**, maintained by the Office of Student Life, and submit the completed form to the Office of Student Life.
 - c. All alleged conduct violations should be documented within 30 days of the incident giving rise to the grievance; failure to do so may result in dismissal of the grievance.
 - d. After the Office of Student Life has been notified of the alleged conduct, a Hearing Officer (designated by the dean of students) will then provide a notice to the student against whom the grievance is asserted (the "respondent"). The Hearing Officer will then proceed to conduct a prompt and reasonably thorough investigation of the allegations.
2. Informal Dispute Resolution (if possible and/or appropriate)
 - a. Within 7 days after the grievance form is submitted to Office of Student Life, the Hearing Officer will arrange an informal meeting to resolve the dispute, which both complainant and respondent are required to attend. At this meeting, the Hearing Officer will provide reasonable opportunity for both complainant and respondent to state their positions regarding the grievance. The Hearing Officer has broad authority and discretion to conduct the meeting in any way the Hearing Officer deems appropriate and may, in their sole discretion, allow or require the complainant and the respondent to present evidence to support their positions in whatever form deemed appropriate by the Hearing Officer. The Hearing Officer may conduct whatever further investigation they deem appropriate following the meeting. Within 2 business days after complainant and respondent have presented their positions, the Hearing Officer will render a written decision in the matter explaining the rationale therefor, including any sanction that the Hearing Officer deems appropriate, and the Hearing Officer shall provide the decision to all parties simultaneously, along with instructions regarding how to pursue an appeal.
 - b. If either complaint or respondent disagrees with the outcome of the informal dispute resolution process, they have the right to request the Student Conduct Council (SCC) to hold a formal adjudication. Any such request must be initiated by notifying the Office of Student Life within 2 business days of the Hearing Officer's issuance of its written decision. If neither party timely appeals the outcome of the informal dispute resolution process, the Hearing Officer's decision is final.
3. Hearing before the Student Conduct Council (SCC) (when an informal resolution is not sufficient nor appropriate)
 - a. A hearing on a General Conduct Grievance by the Student Conduct Council (SCC) will be held within 30 days of the initiation of the request for hearing. The Student Conduct Council

(SCC) will hear all matters *de novo*, with no deference given to the outcome of the proceedings below.

- b. At the hearing before the Student Conduct Council (SCC), both complainant and respondent are allowed to have one advisor of their choosing attend, provided that such person is a member of the University community who is not legal counsel. Such advisor may only counsel their advisee and may not participate in the hearing or present any evidence or argument on behalf of their advisee.
 - c. The complainant, the respondent and all witnesses will be required to swear or affirm that their testimony will be true and honest before it is presented to the Student Conduct Council (SCC). An audio recording of all hearings (but not any deliberations) before the Student Conduct Council (SCC) shall be made.
 - d. The Student Conduct Council (SCC) has broad authority and discretion to conduct the hearing in any way it deems appropriate. Both complainant and respondent will be given a fair opportunity to present their positions in whatever form deemed appropriate by the Student Conduct Council (SCC). Without limitation, live testimony, documentary evidence and all other forms of evidence may be allowed by the Student Conduct Council (SCC). The Student Conduct Council (SCC) has the authority to call witnesses and review evidence not presented by either party, and it may question any witness and review other evidence presented by a party. Without limitation, the Student Conduct Council (SCC) may require the testimony of the Hearing Officer who participated in the informal dispute resolution proceedings.
 - e. The Student Conduct Council (SCC) will determine, by majority vote, whether the respondent is responsible for the General Conduct Grievance alleged, using a preponderance of the evidence standard (i.e., "more likely than not") that the respondent committed the General Grievance. Within 2 business days after its hearing, the Student Conduct Council (SCC) will render a written decision in the matter explaining the rationale therefor, including any sanction that the Student Conduct Council (SCC) deems appropriate, which shall be provided to all parties simultaneously, along with instructions regarding how to pursue an appeal.
4. Appeal to the Student Conduct Review Board (details below)
- a. If either complainant or respondent disagrees with the outcome of the General Grievance hearing before the Student Conduct Council (SCC), they have the right to *request* an appeal of the outcome to the Student Conduct Review Board. Any such appeal must be initiated by notifying the Office of Student Life of the grounds for the appeal within 72 business hours of the Student Conduct Council's issuance of its written decision. An appeal to the Student Conduct Review Board will be granted only if one or more of the following grounds is plausible, which shall be determined in the sole discretion of the chair of the Student Conduct Review Board, upon such member's own reasonable investigation:
 - i. The evidence did not warrant the decision;
 - ii. The decision did not warrant the sanction;
 - iii. Proper procedures were not followed that may have had a bearing on the decision or the sanction;
 - iv. One or more persons adjudicating the grievance exhibited prejudice that may have had a bearing on the decision or the sanction; or
 - b. If neither party timely requests an appeal within the allotted time of the Student Conduct Council's decision, the decision is final.

If the student believes that grounds for appeal of the faculty member or Student Conduct Council's decision is in order, they must put such grounds in written form and address the written appeal to the chair of the **Student Conduct Review Board** within 72 hours of receipt of the decision.

The Student Conduct Review Board serves as the University's final appellate review body for all General Grievances and Student Conduct Violations. Consistent with and only to the extent allowed by the

grievance procedures set forth above, the Student Conduct Review Board will preside over any appeal from a grievance proceeding.

The Student Conduct Review Board consists of the President of the University (or his designee), two members of the University staff selected by the President (or his designee), three faculty members elected by the Faculty Assembly, and at least three students nominated by the executive cabinet of the Student Government Association in consultation with the dean of students. The President or a designee shall serve as Chair. Alternates for each member shall be designated according to the election procedures for each group, to sit on the Student Conduct Review Board for that constituency in cases of absence or possible conflict of interest. A minimum of four members and the chair shall constitute a quorum, including at least one person from each of the three groups represented.

A written appeal may be submitted to the Office of Student Life for delivery to the Chair of the Student Conduct Review Board. All relevant materials from the previous hearing/inquiry of the Student Conduct Council (SCC) and/or staff member shall be forwarded to the chair of the Student Conduct Review Board.

The chair of the Student Conduct Review Board shall examine the basis for the appeal and determine its validity. The chair shall decide either to uphold the decision of the staff/faculty member or the Student Conduct Council OR to convene the Student Conduct Review Board to review the prior decision. In case of suspensions or expulsions, the Student Conduct Review Board will automatically convene to review the appeal.

It is not the purpose of the appeals process to rehear fully the proceedings of the original incident. In determining the outcome of the appeal (regarding the decision and/or the sanctions), an appellate body will rely upon a "reasonable person" standard: *were the original decisions and/or sanctions imposed by the faculty/staff member or the Student Conduct Council (SCC) be reached by a reasonable person, applying appropriate diligence and community standards, and reaching a proper standard of proof (i.e., preponderance of evidence standard)?*

The Student Conduct Review Board may follow one of the four courses of action:

- Reverse the decision of the staff/faculty member or the Student Conduct Council.
- Uphold the decision but reduce the sanction (if any).
- Uphold the decision but make the sanction (if any) more severe.
- Uphold the decision and leave the sanction (if any) unchanged.

Within 2 business days after its hearing, the Student Conduct Review Board will render a written decision in the matter explaining the rationale therefor, including any sanction that it deems appropriate, which shall be provided to all parties simultaneously. Such decision and sanction shall be final.

Sanctions for General Conduct Grievances

A wide range of sanctions is available as discipline in any given grievance proceeding. Ultimately, the presiding adjudicative body will assign what it deems an acceptable sanction, depending on the peculiarities of a particular proceeding. For General Grievances, the following sanctions, including, but not limited to (listed in ascending order of severity), may be assessed against a person who is deemed responsible for the alleged conduct:

1. Verbal or written warning;
2. Restitution for loss, damages or service costs;
3. Required counseling;

4. Required Service Projects and/or opportunities for education within the University setting or local community;
5. "No Contact" Order;
6. Disciplinary probation;
7. Disciplinary probation with suspension of privileges;
8. Removal from the Residence area;
9. Exclusion from some or all areas of campus or University facilities;
10. Referral to local law enforcement;
11. Disciplinary suspension;
12. Disciplinary expulsion; and
13. Depending on the severity, likelihood of repetition, and potential threat to the University environment, more severe sanctions may be assessed against an individual.

Emergencies & Exigent Circumstances:

Notwithstanding the LR Student Conduct Procedures and Grievance Procedures, a student may be involuntarily or administratively withdrawn from the University or from University housing or may be removed from University property upon a determination by the administration (typically, the dean of students) that the student may pose a threat or an imminent danger to the student or others, or may cause significant property damage or directly impede the normal activities of others. Additional circumstances which may necessitate the withdrawal from the University will be assessed on a case-by-case basis. In the event the student disagrees with the involuntary withdrawal or removal, they may request that the dean of students initiate an appeal proceeding with the Student Conduct Review Board, during which time the student will remain withdrawn or removed, pending a final decision in the grievance process.

SECTION 9: THE ACADEMIC INTEGRITY SYSTEM

Responsibility for Academic Integrity

A. Academic Integrity Violations

All contributors to LR—students, faculty, staff and administrators—are charged to support and cultivate the principles established in the honor pledge and statement of academic integrity. Students have a duty to ensure that they understand and abide by the expectations and standards established in each course or academic activity. In the absence of such understanding, it is the student's responsibility to seek additional information and clarification.

Violations of the Academic Integrity Code, including suspected violations, fall under the jurisdiction of LR's Student Code of Conduct and are subject to the rules and guidelines established in the Student Handbook. Prohibited conduct includes, without limitation, the following:

1. **Cheating** – any act of obtaining or attempting to obtain credit for academic work through dishonest, deceptive or fraudulent means including, but not limited to:
 - Copying or attempting to copy from another person's graded work in a course.
 - Using or providing notes or other prepared materials that are not permitted.
 - Using an alternate, stand-in or proxy during an examination.
 - Stealing or gaining unauthorized access to an exam, answer key or other graded work from the current or a previous course offering.

- Unauthorized talking, signs, text messages or gestures with another student during assessments, quizzes or examinations.
 - Knowingly aiding or attempting to aid another student in cheating.
2. **Plagiarism** – any use of work, ideas or language created or contributed by others or systems without giving credit through proper attribution or citation, including, but not limited to:
- Copying a passage (e.g., a significant part of a sentence, a full sentence or multiple sentences) directly from a source without including quotation marks and proper attribution or citation.
 - Using Generative Artificial Intelligence or similar systems (AI) in ways not permitted by the individual course syllabus.
 - Submitting an assignment previously submitted at this institution or any other institution for academic credit in current course.
 - Submitting another person's work in place of one's own.
 - Permitting someone else to revise, correct or edit an assignment without explicit permission from the instructor.
 - Submitting work without proper attribution, whether from commercial firms, websites, fraternity or sorority files, or any other sources, and whether purchased or not.
 - Knowingly aiding another student who is engaged in plagiarism.
3. **Falsification** – willful, knowing or intentional representation of false information verbally, electronically or in writing, as well as any form of deceit or fraud in an oral or written statement relating to academic or clinical work, including, but not limited to:
- Making false statements to administrators, staff members or faculty members.
 - Providing false information to any LR official or office.
 - Providing a false statement in an academic integrity proceeding.
4. **Additional Violations** – All other actions that violate student regulations as outlined in *The Lenoir-Rhyne University Student Handbook* or that violate public statutes leading to or supporting an academic integrity violation will come under the jurisdiction of LR's Student Code of Conduct.

B. Resolution Process for Academic Integrity

1. Alleged academic integrity violations should be addressed by the faculty member within 10 business days of receiving knowledge of a possible violation, absent extenuating circumstances. Any member of the LR community may report a violation of the Honor Code and Statement of Academic Integrity if they believe there is information to support such a report. If a member of the LR community believes a violation has occurred, they may report the incident directly to the faculty member or to the Office of Student Life. The faculty member or the University Academic Integrity Council (UAIC) will report the alleged violation through the Office of Student Life. (The Office of Student Life maintains a database of all academic integrity violations.)

Note: Anonymous written reports may alert a faculty member to an existing problem in the classroom, but these reports cannot serve as the sole basis for disciplinary action in the absence of corroborating evidence. Intentionally making a false accusation violates this code.

2. Hearing Process

- Student-Faculty Meeting
 - Within 10 business days of receiving knowledge of a possible academic integrity violation, the faculty member will move forward with the following process, absent extenuating circumstances:
 - The faculty member must check with the Office of Student Life to determine if the alleged violation should be sent directly to the UAIC or if the faculty member may move forward with a student-faculty meeting.
 - If the next step is a student-faculty meeting, the faculty member must send the student a written notification with the requested date, time and location (virtual or in-person) of the student-faculty meeting, which should take place no later than seven business days after the notice has been sent to the student. If the alleged violation occurs within the last two weeks of a semester, the faculty member may give a grade of incomplete for the course and schedule the meeting as soon as it is practical the following semester. The faculty member must make the dean of the college aware of the date and time of the student-faculty meeting prior to the meeting occurring.
 - At the student-faculty meeting, the alleged violation(s), evidence that the policy has been violated, a copy of the policy and possible sanction(s) will be reviewed, and the student will have the opportunity to respond to the violations and to accept or deny responsibility for the alleged violation. If the student does not attend the meeting or communicate with the faculty member, the meeting may proceed in the student's absence.
 - Participants at the student-faculty meeting will include the faculty member and the student, and may also include an advisor requested by the student from the Office of Student Life. At the request of the faculty member or the student, an academic affairs administrator may be present at this meeting. No representation of an attorney or any other outside person is permitted.
 - If the student accepts responsibility:
 - The faculty member will determine an appropriate sanction. By accepting responsibility, a student waives the right to appeal the faculty member's determination.
 - The faculty member will send the student an outcome letter via email.
 - The faculty member will send all supporting documents to the Office of Student Life to be filed appropriately.
 - If the student denies responsibility:
 - The faculty member will determine suggested sanctions.
 - The faculty member will refer the report and any supporting document to the UAIC with the suggested sanctions.
 - The UAIC will notify the student in writing the date, time and location of the hearing within 10 business days of receiving the report from the faculty member.
 - The faculty member(s) of the course in question and the student will attend the UAIC meeting. The faculty member or members will summarize the incident and the student will have an opportunity to respond. If the student does not respond to the email notification, the hearing may proceed in the student's absence.
- UAIC
 - The UAIC will consist of the following members: a representative from BEAR Central, an assistant provost (of undergraduate or graduate programs, as appropriate), dean of the library and a student representative.
 - The UAIC will have the ability to uphold, reject or modify the sanction suggested by the faculty member.

- In the event of a second offense, if the student is found responsible by the UAIC, the UAIC may not issue a sanction at a lower level than what was suggested by the faculty member.

3. Appeal Process

- If a student who is found responsible by the UAIC for violations of the academic integrity code wishes to appeal, the appeal form should be completed and submitted to the Office of Student Life within 72 hours after the date in which the student receives the letter indicating responsibility and sanctions.
- A student's request to appeal does not necessarily mean that an appeals hearing will be held. When an appeal request is filed, the basis or bases of the appeal must be indicated. The dean of students is solely responsible to determine whether an appeal will be allowed. There are four bases that allow for an appeal:
 - The evidence did not support the decision.
 - The decision did not support the sanction.
 - Proper procedures were not followed that may have had a bearing on the decision.
 - Bias or prejudice on the part of one or more of the hearing officers that may have had a bearing on the decision.
 The dean of student's decision regarding whether an appeal will be allowed is final and not subject to further review.
- In the event an appeal is allowed, the appeals council will consist of the dean of students, the assistant provost for academic operations and the dean of the college in which the course in question was offered. The decision of the appeals council is final.

4. Academic Sanctions

- In the event of a violation, a faculty member or the UAIC may impose one or more of the following sanctions:
 - Written warning
 - Revision of work
 - Reduction in grade
 - Grade of F on the assignment
 - Grade of F in the course
 - Other educational sanctions in consultation with the UAIC

Any academic integrity violation that does not reflect positively upon the standards or image of LR or conduct that is an egregious violation of the Academic Integrity Code, even if a first offense, may be heard by the UAIC without conducting a student-faculty meeting first.

Multiple or exceptionally serious academic integrity violations by a student will subject the student to the sanctions outlined below through the UAIC, in addition to any other sanction(s) set forth above that may be imposed:

- Requirement to meet with BEAR Central
- Academic Integrity Probation
- Grade of FX in the course (If a penalty of FX is imposed in the course, the student will not be able to drop the course or utilize the grade appeal policy.)
- Disciplinary suspension from LR
- Permanent dismissal from LR

5. Sanctions Definitions

- Academic Integrity Probation: takes effect and extends from the time of the "finding of responsibility" until the student meets the necessary requirements to remove the probationary status.

- Grade of FX: denotes a violation of LR's Academic Integrity Code that is egregious enough to warrant the sanction of both failure of the course and notation of the incident on the student's permanent academic record. This sanction is reserved for the most serious offenses, cases of premeditated, significant and clear violation of LR's Academic Integrity Code. The FX grade will be treated like an F grade in the student's grade point average. Any use of the FX grade will be reviewed by the UAIC. An FX grade may be changed to an F grade on the student's transcript in a subsequent semester before graduation by order of the provost after the student has met the following requirements:
 - The student retakes the course in which the FX was received and successfully completes it with a passing grade. If the course is not offered before the student intends to graduate, the student may request a waiver of this requirement from the provost.
 - The student has no subsequent recorded violations of the Academic Integrity Code.
 - The student furnishes the provost with a written justification requesting the removal of the FX grade.
